VOLUME 21.

Kelowna, British Columbia, Thursday, August 21st, 1924

NUMBER 1

### CONSERVATION OF FISH AND GAME

Board Of Trade Gives Active Assistance To Fish And Game Protective Association

The attendance at the monthly meeting of the Board of Trade, held on Tuesday evening, was larger than the average. President Grote Stirling was in the chair.

British Scientists Unable To Visit Okanagan

A letter was read from Mr. T. S. Dymond, Secretary, Agricultural Section, British Association, written from Toronto, expressing regret that the Agricultural Section were unable to accept the invitation of the Board to visit the Okanagan, as the programme of meetings already arranged for their Western trip unfortunately did not permit of a detour through the valley, and their appreciation of the kindness of the Board in extending the invitation.

Lights On Vehicles

To the queries sent out by the Board to farmers' organizations asking for an expression of opinion on the proposal to enforce the carrying of lights by all vehicles after dark, only three replies were received. The Glenora Fruit Growers' Association announced the result of a vote at their last regular meeting as being 13 in favour and 19 against, with several members not voting. During the debate, it was stated, a suggestion had been made that the tie posts in Kelowna should be placed near the water trough. The Kelowna Branch of the B. C. Fruit Growers' Association stated that the matter had been brought up at a meeting of wardens, at which time there was a very good attendance, and on being put to a vote, the decision was almost unanimously in favour of the proposed regulation. For the United Farmers of British Columbia, Mr. T. Bulman, President, replied that there was not likely to be a meeting of the Central Executive since the matter would be brought before that body.

President Stirling did not think that so far there was evidence of a sufficient body of public opinion in support of the proposal to warrant the Board going on with it. As regards the resolution or second of the resolution concerning the matter was present, he asked the meeting to decide what action was to be taken.

On motion of Messrs. S. T. Elliott and H. V. Craig, the resolution was laid on the table for six months.

Invitation From Seattle Chamber Of Commerce

An invitation was received from the Seattle Chamber of Commerce to attend a proposed celebration and reception to the American round-the-world aviators, to be held in Seattle on completion of the flight, approximately during the latter part of August.

The Secretary was instructed to thank the Chamber for their invitation.

Civil Service Research

The Citizens' Research Institute of Canada forwarded an announcement that it had established a department of research in civil service organization and in purchasing, under the name of the Canadian Civil Service Research Conference, in the belief that, with the assistance of public-spirited citizens, it can render service in promoting efficiency in the civil service and in business-like purchasing and contracting, and the Board was requested to help by enrolling as a member at an annual fee of \$5.00, which would entitle it to receive the reports to be issued by the Conference and to attend and take part in annual conventions.

After some discussion it was decided to acknowledge receipt of the communication and to ask for further information as to any reports or publications issued by the movement.

Vacancies In C.N.R. Directorate

The Winnipeg Board of Trade submitted a resolution adopted by its Council regarding the personnel of the C. N. Railway directorate, and asked for an expression of the Board's views thereon. The resolution requested the Dominion Government to take immediate steps to complete the full board of fifteen directors authorized by legislation; to maintain, in making such appointments, the principle of keeping the railway system absolutely free from politics and, in selecting men for the directorate, to consult with the leaders of the various parties in the House of Commons, the directors to be men whose ability and experience fit them for the responsibilities of such position and to be selected so as to adequately represent the Dominion from a geographical standpoint. Further, to arrange for the creation of an executive committee of five or six men chosen from the directorate, one member of which shall be the President of the Canadian National Railways, such committee to be composed of men who are able and willing to devote the necessary time to the service of the railway, and who shall be available at short notice for consultation in Montreal, Toronto or Ottawa, to deal with immediately pressing problems as required; the members of this committee to be paid on a liberal basis. Of this committee, at least one member should be representative of the Western Province.

### EARLIER PICKING TO AVERT BREAKDOWN

Premature Ripening Threatens Trouble If Apples Are Left Too Long On Trees

Vernon, B.C., August 18, 1924. An open letter to the growers and shippers of fruit in the Okanagan Valley:

Dear Sirs: At a general meeting of the Okanagan Horticultural Club, comprising officials of the Dominion and Provincial Departments of Agriculture, held at Vernon on August 14th, the question of premature ripening of fruits was discussed.

Reports brought in by representatives from various points in the Valley went to the effect that most varieties of fruit show signs of maturing from ten days to two weeks earlier than normal.

This condition will probably necessitate picking considerably earlier than usual. This is especially true of the Jonathan apple, which is very likely to break down when picked overmature.

For this reason it was resolved as advisable, that this Club convey this information to the growers and shippers of fruit in order that they may make provision for harvesting their crop accordingly.

Yours very truly,  
THE OKANAGAN HORTICULTURAL CLUB.

### ORGANIST APPOINTED FOR UNITED CHURCH

Position Has Been Accepted By Mr. W. Moncrieff Mawer

It appears that the United Church has once again made an excellent choice in the selection of an organist and choir leader, the position vacated by Mr. J. Borthwick having been offered to and accepted by Mr. W. Moncrieff Mawer, who paid this city a visit last week and who will have charge of the music at the services held at that church on the first Sunday in September.

Mr. Mawer, who recently came to Western Canada from Newfoundland, comes to this city with a very varied and up-to-date musical experience. He received his early training in Edinburgh, Scotland, beginning as a boy chorister and later as a chorist with St. John's Episcopal Church, Princes St., where he was connected with the choir for over six years. Later on he studied piano, harmony and theory with Dr. Frank Bates, organist of Norwich Cathedral, and Dr. Alfred Hollins, the celebrated organist and composer. Vocal music he studied with Victor Alberto Randegger, of London, England, and Signor Vittoria Ricci, of Florence, Italy.

At the age of eighteen Mr. Mawer received his first appointment, that of organist and choirmaster to the Gorgie Free Church, Edinburgh, and since then he has held similar positions at the Lady Glenorchy U. F. Church, Edinburgh, the Westminster Presbyterian Church, Regina, besides having had charge of the musical training of the choir of St. Andrew's Presbyterian Church, St. John's, Newfoundland, at which city he also acted as conductor of St. John's Choral and Orchestral Society, which included over two hundred voices and a fifty piece orchestra.

Mr. Mawer, who is a vocalist, as well as an organist, is at present in Vancouver, but will return here shortly together with Mrs. Mawer and family.

### WORLD AVIATORS HOPE OFF GREENLAND

REYKJAVIK, Iceland, Aug. 21.—The United States army world aviators and Lieut. Locatelli, Italian airman, hopped off from here at 8.15 this morning. The weather was fine and the flying conditions were excellent. All of the take-offs were made easily, none of the airmen having the slightest difficulty. The aviators were heading for Frederiksdal, near Cape Farewell, at the southern tip of Greenland, a hop of about 825 miles. They passed the United States cruiser Richmond on patrol about seventy miles off the Icelandic coast, at 9.35 a.m. Lieut. Locatelli was then leading his American companions, Lieut. Lowell H. Smith and Lieut. Eric H. Nelson, by five miles.

### HERRIOT DECLARES REAL PEACE IS BEGINNING

PARIS, Aug. 21.—"The London conference was only the beginning of real peace in Europe," Premier Herriot declared in the Chamber of Deputies this afternoon. This statement was received with much applause.

"We observe," continued the Premier, "that we have given a large part of the work to Americans in our control organization. We have done so intentionally. The regime upon which the Daves plan depends must endure."

M. Herriot ended his speech at 4.20 p.m. after having spoken an hour and five minutes. He was applauded as he sat down. At the commencement of his address he was enthusiastically acclaimed by his supporters and booed by the Communists and deputies of the Extreme Right for five minutes.

The Fraser River, once the world's most famous salmon stream, is no longer a factor in the sockeye pack, according to the annual report of the B.C. Department of Fisheries just published.

### ASSOCIATED GROWERS' BULLETIN

Comparative Merits Of The Four-Basket Crate And The Lug As Cherry Package

Vernon, B.C., August 18, 1924.

On various occasions the question has been raised as to the comparative merits of the four-basket crate and the lug as a package for cherries. During the past cherry season we have made a careful study of this in the markets to determine which is the most desirable package from the growers' point of view. Our representative, Mr. J. B. Dickey, who had this matter in charge, has made the following report which will be of great interest to all growers of cherries and which we quote in full:—

"The four-basket crate is certainly the most popular package with grocers from the standpoint of increased volume of sales, and the ease with which it is handled. When well faced, the customer is attracted and in a great many cases a sale of a basket is made where only a pound or two would be purchased were the lugs on display. It is a case of increased consumption of possibly 50 per cent as against the lug with the same class of trade. Let me point out here that this is of course much more in evidence when the selling price is within the reach of the ordinary consumer. We might as well admit that during the past season the cherry was a luxury to most classes and was not consumed in like quantities with the previous two or three seasons. I am referring to the Bings and Lamberts, as they are the varieties most affected by the lug. We might also include the Windsor and Deacon, as both are blacks of the dessert variety. Frankly, I would say our present volume of Royal Annes will never be successfully handled in lugs owing to their tenderness.

"To be a popular seller the four-basket crate must retail at \$1.00 per basket. This means \$2.40 per crate F.O.B. Okanagan. At 75 cents per basket to the consumer they go into consumption very freely, in fact it is then almost a crate purchase. This price would mean \$1.50 F.O.B. During the past season some dealers retailed baskets at \$1.25 but the majority asked \$1.50 while fruit stands sold in small lots at 35 cents per pound. Some of them tried to hog it at 40 cents and 45 cents but the great majority sold at 35 cents. At this figure they were not making any killing, taking into consideration shrinkage and handling. The lug is essentially the fruit stand package and will, I believe, become more popular in time. It is only a matter of playing the lug a little stronger each season. Its chief drawback is the necessity of immediate sale as the fruit will not stand up nearly as long as in the four-basket crate, and as we have learned through disastrous experience they will not store in cold storage. Another feature which has caused much trouble and loss is the bottom board being not quite wide enough. This cuts the fruit and decay begins rapidly. This could be easily remedied.

"The finest lug reaching the market was partitioned in the centre and the fruit beautifully faced. The box material was strong enough and with a full pack there was no damage to the fruit although the bottoms and sides of the lug did not meet closely. If we could put out a similar package there is no doubt in my mind but that it would go over big. During the coming months we should have some of our Local staffs and some keenly interested person from Central go thoroughly into the question of the lug package, as it will undoubtedly mean more money to the producer and will find its place with a certain trade. However, we must not overlook the trade who are getting big distribution and paying us real money for the four-basket crate.

"In selling the lug it will be necessary to figure closely the difference in weight and saving in cost of package as against the four-basket crate, and make a spread of some few cents arbitrary in favour of the latter. In other words, we must offer some inducement to purchase the cheaper package."

ASSOCIATED GROWERS OF B.C. LIMITED.

\$450,000 PAID BY HOME BANK SHAREHOLDERS

TORONTO, Aug. 21.—The money received by the liquidators of the Home Bank in settlement of double liability claims on shareholders now amounts to \$450,000.

### "TURK" LEWIS IS AQUATIC CHAMPION

Popular Local All-Round Athlete Wins K. A. A. Cup

Computation of the points gained by various contestants at the Kelowna Regatta last week has resulted in awarding the handsome silver championship cup, given by the Aquatic Association, to Mr. V. D. Lewis, widely known as "Turk." This deservedly popular all-round athlete, who has distinguished himself at hockey, baseball, football and basketball, has now added aquatic laurels to his honours and his numerous friends rejoice at his success. The runner-up was Mr. W. R. Foster. The points earned by Messrs. Lewis and Foster were as follows:—

V. D. Lewis. W. R. Foster.

Back Stroke. 18 ..... 12  
Plunge ..... 12  
Breast Stroke 18 ..... 12  
Four Styles. 24 ..... 18  
300 yds. Swim 18 ..... 12  
78 ..... 54

PRINCESS MARY IS AGAIN A MOTHER

GOLDSBOROUGH, England, Aug. 21.—Princess Mary, daughter of King George and wife of Viscount Lascelles, gave birth to her second child, a son, this morning at Goldsborough Hall, one of the seats of the Lascelles family.

Princess Mary was married to Viscount Lascelles in Westminster Abbey on February 28th, 1922. Their first child was also a boy, born in London on February 7th, 1923, and was christened George Henry Hubert Lascelles. Both mother and baby were reported "doing well." There was some disappointment on the part of the mother, for she had hoped for a daughter. The Queen was not present when the infant was born. Her Majesty left some crocheted garments for the baby worked by her own hands.

### TWO KILLED BY MOTOR CAR NEAR VICTORIA

VICTORIA, Aug. 21.—While walking along the East Saanich road after spending the evening together, A. D. McLachlan, 1030 Empress Avenue, Victoria, and D. T. Ballantyne, Lakehill, were struck and instantly killed last night by a fast travelling motor car. Both men were about 65 years of age, friends of long standing and prominent citizens.

The speed at which the car was travelling was ascribed by the fact that the skulls of both men were shattered by the terrific impact and many bones of their bodies were broken.

Two cars, one driven by Dr. E. W. Boak and the other by Dr. C. W. Duck, were apparently driving in the same direction with one trying to pass the other. The car driven by Dr. Boak was pitched from the road on the left hand side, evidently coming in contact with the heavy car driven by Dr. Duck, and dropped over a four foot ridge which borders the road into a depression at least twelve feet deep.

Chief of Police Brogan of Saanich swore out an information against Dr. Boak this morning. The doctor was released on bail pending an inquest.

### REPRESENTATIVE IN BRITISH FRUIT MARKET

Colonel Scott, Of Salmon Arm, Chosen To Represent Associated Growers In England

Vernon, B. C., Aug. 19, 1924. The Advisory Committee have appointed Colonel B. Scott, of Salmon Arm, Vice-President of the Associated Growers and also of the B. C. Fruit Growers' Association, to represent the Associated Growers in the British market during the coming season. Colonel Scott will watch closely the sale and distribution of apples shipped to that market and make a thorough study of conditions, with a view to determining the best methods of obtaining maximum distribution and prices in the British and Continental markets.

### VANCOUVER WOMAN IS KILLED AT OTTAWA

VANCOUVER, Aug. 21.—Mrs. Robert Mayworth, Broughton Apartments, Vancouver, met her death in Ottawa last night when the auto in which she was driving skidded on the wet pavement, according to word received here this morning. Mrs. Mayworth was visiting the capital to attend the golden wedding celebration of her parents, Mr. and Mrs. Taggart.

### MAY ARRANGE TRADE TREATY WITH AUSTRALIA

OTTAWA, Aug. 21.—After Hon. J. A. Robb returns from abroad next week, final negotiations will take place looking to a reciprocal trade agreement with Australia. If one is concluded, it will be a new factor in Vancouver port development.

### PREPARATIONS FOR FAIR IN FULL SWING

Special Encouragement Offered To District Exhibitors-Sports Programme To Contain Attractive Features

If the Kelowna Fall Fair is not a complete success this year it will not be because the directors will not have made every effort to make it one. Mr. F. W. Pridham, the President of the Board, is now in England, but during his absence his duties will be undertaken by the Vice-President, Mr. M. Heron, and from now on the directors will hold a meeting every Saturday evening in the Board of Trade Hall, as well as holding other meetings as found necessary. Mr. T. Maxwell, of Rutland, has been co-opted a member of the Board and is doing his best to secure a first-class district exhibit from that section.

This year the district exhibits of fruit and vegetables will be separated, and it is thus hoped to improve on last year's showing. In order to encourage competition, the Board has allotted \$10 to each district making these exhibits, whether such districts carry off any prizes or not. They therefore express the hope that no portion of the valley tributary to Kelowna will be unrepresented. It will also be noticed from reading this year's prize list that there is a substantial increase in the general value of the prizes offered.

On both days of the Fair the programme of sports will include some first-class events, to which large cash prizes are attached. On the Wednesday there will be tent pegging, horse races, a bucking horse contest, bicycle races, etc., and on the concluding day the programme will be similarly constituted with the exception of bicycle races, and in addition schoolboy races, potato races on horseback, special ladies' race and the point-to-point race down Knox Mountain, will be held. Apart from these contests, there will be the high jump and hurdles, for which horses are already being trained. There will be no boxing events this year. Mr. W. J. Coe and Mr. R. Lambly will have charge of the sports. The prize money for all these contests has also been increased, so that it is expected that there will be a large entry for the events.

The side shows this year will be run by the "All Canadian Shows Company," Messrs. Conklin & Garrett, who provided this portion of the entertainment at the last Fair, and will be practically the same as in 1923.

### MENNONITES BUY LARGE ACREAGE ON PRAIRIES

WINNIPEG, Aug. 21.—The newly organized Mennonite land settlement board for placement of settlers from Libau, who will arrive in Canada shortly, has purchased 33,063 acres of farm lands in Saskatchewan and Manitoba, according to information obtained here. The Eagle Lake farm near Flaxcomb, Sask., comprising 8,480 acres, is said to be one of the large farms obtained, while extensive acreages at Harris and Hanley, Sask., and Meadows, Man., are said to have been included in a recent deal.

### W. J. BRYAN IS HURT IN MOTOR WRECK

TERRE HAUTE, Ind., Aug. 21.—William Jennings Bryan was injured last evening when the automobile in which he was speeding from Tuscola to Mattoon, Ill., turned over on the highway. Mr. Bryan was bruised and cut about the head and face but was able to give his scheduled lecture upon arrival at Mattoon.

### BRITISH PLAN TO AID MIGRATION TO AUSTRALIA

MELBOURNE, Aug. 21.—Negotiations between the Commonwealth and Imperial governments with regard to details of the new migration agreement between them are still in progress. It is generally understood that the British government will advance £34,000,000 sterling, including £14,000,000 arranged for under an existing agreement, and will share half the interest thereon for the first seven years and one-third of the interest thereafter.

### RICH SUMAS LAND IS YIELDING BIG CROPS

VICTORIA, Aug. 21.—The land reclaimed by the government at Sumas is proving so rich that this season's crop of oats is averaging sixty bushels to the acre and timothy planted last spring a ton to the acre, according to Hon. E. D. Barrow, Minister of Agriculture, who has returned to Victoria after a survey of the Sumas works. "I am much impressed by the quality of the Sumas Valley soil that I am considering the sale of my farm at Chilliwack in order to acquire and work a farm in the reclaimed area," he said.

### FISH MAY BE PROTECTED BY "SPECIAL GUARDIAN"

Work Of Fish And Game Protective Association Promises To Produce Results

A fully attended meeting of the Executive Committee of the Kelowna Fish and Game Protective Association was held at the Palace Hotel on Tuesday evening, with Mr. J. N. Cushing, the President, in the chair.

After the minutes of the last meeting had been adopted the Secretary read somewhat lengthy correspondence which had been carried on by him with Mr. A. P. Halladay, Inspector of Fisheries, New Westminster, relative to the omission of the words "Kamloops trout" from the fishing regulations governing the legal daily catch of game fish, also on the subject of the poor location of the fish ladder at the dam on the Okanagan River at McIntyre's ranch. In regard to the fishing regulations and their enforcement, Mr. Halladay pointed out that it was quite impossible for Overseer Gartrell to attend to such matters single-handed, the district which he had to cover being so large, also that the Provincial Police and Game Wardens had the same authority in connection with the enforcement of the fishing regulations as any Dominion official and were, in most cases, glad to render hearty co-operation in seeing that they were respected. Mr. Halladay also stated that it was his hope that a good live officer, a "Special Guardian," could be secured for this section of the country before next season. Regarding the difficulty in enforcing the present regulations through the omission of the words "Kamloops trout," he had written strongly on the subject to the Chief Inspector and expected that prompt and definite action would result. He had also pointed out to the Deputy Minister of Public Works, Victoria, the unsatisfactory state of affairs in connection with the fish ladder at the McIntyre dam and which ended in the receipt of a letter from Mr. M. B. Jackson, the chairman of the Board, stating that the Board would be glad to act on the wishes of the Association and would not overlook the recommendations made by it.

The Secretary was then instructed to write Mr. Jackson, asking under what conditions game wardens are now employed, what salary is paid them, what their exact official status is, what qualifications they are supposed to have, the age limit for applicants for such positions and if they have also to act as fish wardens.

The following motion was next moved by Mr. J. H. Thompson, seconded by Mr. E. W. Wilkinson and carried nem. con.: "Resolved, that a special general meeting be called at the earliest possible date in view of the possibility of a game warden being appointed for this district, so that the Association can make a recommendation for the appointment of one specific person for the position; also that a ballot be taken at the meeting to confirm the general opinion as to who would be the most desirable person to recommend to the Board; further, that any other business the members may wish to bring up be dealt with at that meeting."

Mr. Spurrier then informed the members of the committee that the Kelowna Board of Trade was in session and were to discuss the fishing in this district from the point of view of it being an attraction to tourists, and he and Mr. Thompson were appointed to attend the meeting of the Board.

Other matters dealt with before the meeting adjourned were: a communication from the Anglers' and Hunters' Executive Council of the Lower Mainland, relative to the proposed commission or board suggested for the handling of all game laws and regulations for this province; a communication from the secretary of the B. C. Tomato Growers' Association relative to destruction by pheasants; and the proposed attendance of officials of the Department of Fisheries at the meetings of the Provincial Game Conservation Board to be held in the Okanagan in September. Before dispersing, a very hearty vote of thanks was passed to Mr. J. H. Broad for putting a room in the Palace Hotel at the disposal of the committee.

### RESULTS EXPECTED FROM IMMIGRATION AGREEMENT

LONDON, Aug. 21.—Authorities here who possess a practical knowledge of emigration and colonization matters, particularly with regard to Canada, are disposed to anticipate really tangible results from the agreement signed in London yesterday by Hon. J. A. Robb, Canadian Minister of Immigration, on behalf of Canada, and by Lord Arnold, Under Secretary for the Colonies, on behalf of the British government, for the settlement of three thousand British families on Canadian farms.

The Canadian government has had chiefly in mind in connection with negotiation of the new agreement the filling up of the twelve per cent or so of farm lands which are left over now that the Soldier Settlement Board has closed down. These are suitable farms containing a sufficient area fit for immediate cultivation and situated in settled and established districts.

### WEEDY LOTS ARE TO BE CLEANED UP

Inspection Of Untidy Property Will Be Made By Police And Owners Warned

All the members of the Council with the exception of Ald. Adams were in attendance at the regular fortnightly meeting on Monday night.

The City Clerk submitted a list of small balances, in most cases under one dollar, due for light, water and other municipal services by people who had left the city. Repeated efforts having failed to collect these amounts, he wished to obtain authority to strike them off his books, so as to give a clean sheet on starting to the new clerk in the Water and Light Department.

The requisite authority was granted, upon resolution.

A letter was received from Mr. A. C. Pearce, of Vancouver, offering his services as bandmaster in the event of a band being revived in the city. He stated that he had been leader of the Summerland Band in 1909 and 1910, during which time he took the band to the New Westminster Exhibition, and later was bandmaster of the 196th Battalion, C.E.F.

Some of the aldermen remembered that Summerland had an excellent band about the years mentioned by Mr. Pearce, and they therefore readily agreed to a suggestion by the Mayor that a reply be sent to Mr. Pearce asking him what kind of employment he desired in addition to band leadership.

A resolution was passed confirming a grant of \$50 voted in committee to Mr. J. A. Henry, now in Vancouver, who was injured during construction of the city reservoir, the money being paid without prejudice and pending investigation of his case by the Workmen's Compensation Board.

For the information of the Council, the Clerk laid on the table a communication addressed to him by the Inspector of Municipalities in regard to proposed standardization of municipal annual financial statements. With the letter was enclosed a draft showing the details that should be incorporated in such reports, and the Inspector stated that the plan would be submitted to the forthcoming convention at Penticton of municipal officials for discussion. Meantime, he asked the Clerk to give it his careful attention and, if at all possible, to attend the Penticton meeting and present his views on the subject.

In this connection, a letter from the Municipal Officers' Association of British Columbia advised that the date of its annual convention would be September 2nd, at Penticton, and requested the Council to arrange, if possible, for the attendance of one or more civic officials as delegates.

An intimation was also received from the Good Roads League of British Columbia that its annual meeting would be held at Penticton at the same time as the convention of the Union of B.C. Municipalities, on Sept. 2nd, and the Council was requested to send delegates.

By resolution, Ald. Meikle was appointed as delegate to the Good Roads League meeting and the Mayor and City Clerk as delegates to the municipal convention, with the understanding that as many other members of the Council as could possibly go would also attend.

Referring to the municipal convention, the Mayor said he had not attended that event for a number of years, having given up in disgust because of failure to obtain from the government, after years of repeated effort, power for municipalities to approve or disapprove of lands within their boundaries being subdivided and to give a rebate or impose a penalty on all taxes levied instead of only the general rate. These changes were finally brought about by the government but too late to do much good, as subdivisions had been made wholesale during the boom times before the war, adding greatly to the cost of civic water and light services by the lengthy extensions required, while lack of power to deal with rebates and penalties on taxes had resulted in taxes not being paid and the property concerned passing to municipal ownership. The government seemed to have been in the habit of treating municipalities in the past as children, incapable of managing their own affairs, and the Municipal Act contained all kinds of absurd restrictions. For instance, in regard to dogs, many municipalities

Owing to the ratification by the federal  
and provincial governments of the  
recent settlement made regarding the  
Indian Reserves in B.C., provision has  
been made that when tribes of Indians  
become extinct, or almost so, their re-  
serves will revert to the Crown, in the  
right of British Columbia. Thus the  
leasing or selling of such lands will in  
future be easier. Under the new set-  
tlement effected, large areas of valu-  
able timber lands will also become a  
valuable for industrial purposes.

## BOY SCOUT COLUMN

Troop First Self Last  
Edited by "Pioneer"

## 1st Kelowna Troop

19th August, 1924.

On Thursday of this week the com-  
munity of Oyama is holding a big  
field day of sports, including four  
events open to Scouts only—a running  
relay race between teams of four, a  
tug-of-war between teams of eight, a  
life saving race and an efficiency race.  
We should like very much to enter  
teams for both the relay race and the  
tug-of-war at least, but we have not  
yet progressed with the settlement of  
our camp accounts sufficiently far to  
know whether we can stand the ex-  
pense of hiring a truck or cars to get  
out there. We have a few bills still  
to come in and we should also be glad  
if all Scouts who attended camp would  
pay their camp fees this month, if pos-  
sible.

Scouts well upheld themselves at the  
Regatta last week and we certainly  
had a great war canoe race with Pen-  
tiction. Points will be awarded to all  
who won any places in any of the  
events, which in turn will go towards  
deciding the standing of the different  
Patrols in the year's competition for  
sports.

We are contemplating adding an-  
other colour to go with the well known  
dark green of our scarves and will wel-  
come any suggestions as to this from  
any source. Decision will be made at  
the next session of our Court of Hon-  
our. In future also we wish to have  
as much uniformity in our stockings as  
we possibly can. They are supposed to  
be khaki with green tops for our  
Troop.

We again repeat that all Cubs or re-  
cruits who are anxious to join the  
Troop should apply for their applica-  
tion forms to either the Scoutmaster or  
Troop Secretary at once, because be-  
fore we resume our meetings we have  
to organize the patrols, and it is neces-  
sary for that purpose to know just ex-  
actly how many and whom we have to  
place. After we begin our Fall pa-  
rades we shall not accept any more ap-  
plications until Christmas.

## WILSON LANDING AND WESTSIDE

Mr. J. Mead and family have spent  
some days camping at the Wilson  
beach. Mr. Mead came up from Kel-  
owna, where he skipped the "Ona-  
way" so successfully at the recent Re-  
gatta. Mrs. Mead assisting in the ca-  
pacity of "crew." They returned to Pen-  
tiction by s.s. "Sicamous" on Tuesday  
last.

Most of the Westsiders attended the  
Regatta the lake being kept busy with  
the going and returning of the various  
craft. Amongst them might be noticed  
Bobby Brixton's. Though still a  
school boy it was a pleasure to see the  
careful way he handled his little launch  
and no less the care he took of his pas-  
senger his mother, Mrs. J. Brixton, of  
Nahon. While from the North no mis-  
take could be made as to the identity  
of Capt. North's magnificent "Fox-  
hound." It is certainly a pleasure to  
witness its speedy progress and no less  
to hear the note of its almost alarm-  
ing hum!

Mrs. Hodges, of Killiney, who is a  
splendid carwoman, accompanied by  
Miss Hope Hodges, camped at Cotvale  
on the return trip, some of her party  
having returned via s.s. Sicamous.

The harvesting of summer varieties  
of apples will not keep us very busy  
this season as the crop is so light. La-  
ter kinds are sizing up well.

## GLENMORE

Friends of Miss Marion Wallace, daugh-  
ter of Mr. and Mrs. Wallace, late of  
Glenmore, now of Calgary, will be in-  
terested to know that, having complet-  
ed her normal course, she was appoint-  
ed to a school at Whatcheer, Alberta,  
and commenced her duties last week.  
We wish her much success there.

The Glenmore Ladies' Club met at  
the home of Mrs. George Kerr, on the  
lake shore, on Tuesday last, and spent  
a very delightful afternoon. Mrs. D.  
W. Sutherland has invited members to  
meet on her lawn for the meeting on  
Tuesday, August 26th. We hope all  
our members will take that afternoon  
off, even if they are picking.

Signs that the picking season is here  
are in evidence everywhere. Boxes are  
now on many of the orchards, and in  
some the melodious voices of the Japs  
can be heard quite a distance. Wealth-  
iness in some cases have been picked al-  
so Bartlett, pears. Italian prunes are  
now being picked.

As news for this column is very dif-  
ficult to find, kindly send along any  
that you have.

There was a good congregation on  
Sunday evening in the Schoolroom.  
Next Sunday the Rev. J. Dow will  
conduct the service.

Tanks were filled on Monday and  
another opportunity will come later to  
fill up for the winter.

The tomato crop in the Kamloops  
district is a little better than the aver-  
age one and it is estimated that about  
two thousand tons will be canned there.  
The local cannery has a capacity of  
75,000 cases per season.

## PLASTIGRAMS

## "GIRL SHY" PROVES THE VERSATILITY OF LLOYD

Seen As Bashful Small Town Boy In  
His Latest Comedy

Variety is the spice of life, and it is  
also the secret of success in making  
good motion pictures. Many stars fall  
into a rut because they insist upon  
making the same kinds of, character-  
izations. They never change because  
they feel the public is used to seeing  
them in a certain type of picture.

Such is not the case, however, with  
Harold Lloyd, whose latest feature  
Pathecomedie, "Girl Shy," will be seen  
next Wednesday and Thursday, August  
27 and 28, at the Empress Theatre.  
Harold has fortunately discovered that  
"mixing them up a bit" is the secret of  
success. He has never made two com-  
edies even remotely alike, considering  
his big hits, "Dr. Jack," "Safety Last,"  
"Why Worry?" and now "Girl Shy."  
He has jumped from small town situa-  
tions to a South American revolution,  
from portraying a doctor to a ribbon  
clerk. Now in his latest, he has again  
striven for something different from  
anything he has ever made. He is seen  
in "Girl Shy" in an entirely novel char-  
acterization, as a bashful small town  
boy who is an apprentice to his uncle,  
a tailor. He makes a secret study of  
girls, although not a very accurate one,  
and the more he studies them, the more  
he fears them.

He has tried in "Girl Shy" to present  
a character who will instantly win the  
sympathy of his audience through his  
humanness. A really dramatic story  
has been built around this central fig-  
ure of the boy and nothing has been  
sacrificed to make the picture true to  
life in every small detail. And it is  
attention to detail that helps largely to  
make the Lloyd Pathecomedies the big  
hits that they are.

The cast of "Girl Shy" includes Job-  
yna Ralston, who plays opposite Lloyd.  
She made a big hit in her initial ap-  
pearance with the comedian in "Why  
Worry?" which resulted in her being  
signed by Lloyd to a long term con-  
tract. Her excellent work in "Girl  
Shy" is said to be one of the contrib-  
uting factors in its success. Others in  
the cast are Richard Daniels, who plays  
the role of Lloyd's uncle in the film,  
and Carlton Griffin, playing the part of  
a wealthy young idler. Fred New-  
meyer and Sam Taylor, who co-directed  
"Why Worry?" also wielded the  
megaphone on this new mirth provok-  
er, which was taken from a story by  
Taylor, Tommy Gray, Ted Wilde and  
Tim Whelan.

## RUTLAND

Another of our residents has been  
bereaved. This time it is Mr. Thos.  
Cooper, who received word on Sun-  
day informing him of the death of his  
father at St. Mary's, Ontario, on Sat-  
urday evening, at the advanced age of  
84 years.

Miss Ada Poole, of Kelowna, is the  
guest of Miss Mildred Cooper this  
week.

Mr. S. Coxworth, of Victoria, spent  
Sunday and Monday in Rutland on his  
way to Toronto.

That fruit growers in Rutland are  
not taking very much interest in the  
way of clubbing together to get a dis-  
trict exhibit for the Kelowna Fall Fair  
is very evident, judging from the small  
attendance at the School on Monday  
evening to discuss the advisability of  
doing so. Messrs. T. Maxwell, who was  
appointed a director of the Fair,  
Willis Schell, H. Bond and A. E.  
Harrison were the only fruit growers  
who turned up, while Mr. Jervis, sec-  
retary, represented the Fair Executive.  
The meeting was an informal affair  
with no chairman and the question was  
discussed thoroughly. The result was  
that, although it was admitted that the  
Fair was being held at a time when  
everybody would be very busy, some  
effort should be made to have an ex-  
hibit of fruit at any rate.

Mr. Bond broached a grievance which  
seems to be very general in regard to  
subscribers having to wait until Sat-  
urday before they get the Kelowna Co-  
rrespondent. It does seem a pity that  
while the paper is published on Thursday  
afternoon there is no way of getting it  
out to Rutland before Saturday. The  
question is one that might well be dis-  
cussed during one of the winter meet-  
ings and an effort made to find a way  
out of the difficulty.

Miss E. R. Clacy, of Winnipeg, is  
visiting Mr. and Mrs. A. Marchant.

## CONTROL OF BORERS BY USE OF TOXIC GAS

(By B. Hoy, Assistant District Horti-  
culturist.)

Borers are responsible for the killing  
of a great many of our stone fruit  
trees. The old method of worming or  
digging out the borers is a tedious,  
laborious operation, and unless very  
carefully done, not satisfactory. Tree  
paints, washes, etc., are used with some  
degree of satisfaction to some, but do  
not give the trees sufficient protec-  
tion.

In 1915, a series of experiments were  
started by the Bureau of Entomology  
of the United States Department of  
Agriculture in the use of various toxic  
gases as a possible means of control of  
the Peach Borer. This work was car-  
ried on over a series of years under a  
variety of conditions, and demon-  
strated the usefulness of Para-dichloro-  
benzene for borer control, and at the  
present time this is the best known re-

## WINFIELD

Mrs. Robert Arnott and daughters  
Mary and Helen have been visiting in  
the district for the past week, leaving  
on Sunday last for their home at Ar-  
mstrong. Their many friends found the  
visit all too short.

Mr. and Mrs. Philip Griess returned  
on Monday from a holiday trip to the  
Coast, having taken in the Vancouver  
Exhibition. They report a most en-  
joyable time.

Mr. Wm. Reed left on Tuesday for  
Kelowna to take up his new duties as  
Dominion Fruit Inspector at that point.  
Mrs. Reed will follow in the course of  
a few weeks.

A cordial invitation has been extend-  
ed to all in the community to attend  
the services held in the old Ocolea  
store building, which are being con-  
ducted by the Free Methodists.

At the last meeting of the Women's  
Institute, held at the Hall on the eve-  
ning of Aug. 7th, arrangements were  
made for the reception and entertain-  
ment of our sister Institute from Ok-  
anagan Centre on the occasion of our  
next meeting.

Various items of business were cleared  
up and a two months' vacation de-  
clared by the President, as we now en-  
ter on our busiest season and many of  
us find it hard to attend. We are all  
looking forward to the children's ex-  
hibition which will be held on Oct. 31st.

A very interesting part of the meet-  
ing was a little talk by Mrs. Waldon,  
of Saskatchewan, on the activities of  
the Home-maker Clubs in that prov-  
ince which carry on a similar work to  
that of the Women's Institutes. The  
exchange of hot weather recipes con-  
ducted by Mrs. Geo. Edmunds was al-  
so interesting, and very seasonable.

The young people held another of  
their popular dances in the Community  
Hall on Friday night, and a very hap-  
py time was reported by all who were  
fortunate enough to attend.

The season of fall fairs has already  
begun and it is time to start planning  
our campaign to secure for Winfield  
her place in the sun. Those of our citi-  
zens who are responsible for these ex-  
hibitions should have the whole-hearted  
and enthusiastic support of all farm-  
ers and fruit growers in order to  
make these affairs more interesting  
and popular. More district competi-  
tion would have a larger advertising  
value and create much greater interest  
so let us get together and do our part  
to make all the exhibitions in our val-  
ley more successful than they have ever  
been before.

## G.W.V.A.

The attention of all ex-service men  
is drawn to the advertisement in this  
issue, with reference to the closing date  
for applications for pensions.

According to the Act, no further  
claims for pensions in respect of dis-  
abilities incurred in the Great War  
1914-1918 will be entertained after the  
end of this month. It is therefore es-  
sential that any returned man that has  
any claim for this cause shall file his  
statement before that date, and the  
reader of this article is requested to  
make this known to as many of his  
late comrades as possible, as the time  
is now very short in which to get the  
particulars written up and filed.

In this connection it is to be noted  
that where information to back up the  
claim has to be obtained from an out-  
side source, such as an affidavit from  
a Medical Officer, these may be got to-  
gether after the claimant has made his  
formal application; the important thing  
is to get the claim in before August  
31st.

The G.W.V.A. places its resources  
at the disposal of all returned men,  
whether members or not, and any man  
who has a bona-fide claim is asked to  
communicate with the Secretary, E. W.  
Barton, either at the Club, or at his  
house, 'phone 432, when every possible  
help will be given.

medy for the Peach Tree Borer. A  
few tests with this material have been  
made in the Okanagan with very sat-  
isfactory results.

Time and Method of Application  
The time to apply Para-dichloroben-  
zene is immediately after all eggs have  
hatched, between September 1st and  
15th. The earth for 15 to 18 inches a-  
round the base of the trees should be  
cleared of grass and weeds and levelled  
off/without digging up the soil any  
more than necessary to break the sur-  
face crust. Any excessive gum or frass  
should be removed from the tree and  
the bark lightly scraped. If there are  
any exposed roots, they should be cov-  
ered with a light layer of soil as they  
are more liable to injury from gas  
fumes than the bark of trees.

For trees over 6 years old, 3/4 to 1  
oz. of Para-dichlorobenzene is the a-  
mount to use. Place this in a contin-  
uous ring around the base of the tree,  
not more than two inches from the  
trunk nor less than one inch. Cover  
this up with a few shovelfuls of earth  
free from sticks, weeds, or other rub-  
bish, making a cone shaped mound a-  
round the tree by packing the dirt with  
the back of the shovel. Sufficient gas  
is evolved and confined about the base  
of the tree to kill the insects in a few  
weeks' time.

According to returns filed with the  
Provincial Taxation Department, this  
province spends about \$13 per capita  
on betting at the Coast race tracks.

## JUST A REMINDER---

Have you looked over your Pickling Bags and  
Ladders lately?

IF NOT, NOW IS THE TIME.

We have a good stock of  
BAGS, BUCKETS and LADDERS.

## FOR RADIO AMATEURS

KGO Programme For Week Of  
August 24 to August 30

(Frequency, 960 kilocycles; 312 metres)

Sunday, August 24

3.30 p.m.

Concert by KGO Little Symphony  
Orchestra and soloists, Carl Rhode-  
hamel conducting.

Tuesday, August 26

8.00 p.m.

Programme to be given by the Oak-  
land Lodge of Elks, No. 171.  
Instrumental Selection—March,  
"Landing of the Troops" (Crosby).—  
Big Brotherhood Boys' Band, Oakland  
Lodge of Elks.

Mezzo-Soprano Solos—(a) "A  
Dream" (Bartlett); (b) "Sandman's  
Lullaby"—Mrs. Clinton G. Dodge.  
Accordion Trios—(a) "Pietro's Re-  
turn" (Deiro); (b) "Don't Mind the  
Rain."—Joseph L. Bobba, Lucy Bobba  
Estee, Alfred S. Capelli.

Address—"The Boy and the Man".  
—Fred J. Johnson, chairman Local  
Com. ittee on Big Brotherhood.

Vocal Selections—(a) "Medley from  
the South" (Sullivan); (b) "Mammy's  
Goodnight Lullaby" (Blanchard).—  
Elks' Male Quartette, first and second  
tenor, baritone and bass.

Cornet Solos—Selected.—Lyle Bar-  
do, of the Boys' Band (age, 12 years).  
Tenor Solo—"Songs of Araby"  
(Clay).—R. A. Brown.

Burlesque—"Deeply Scientific Dis-  
sertation on the Subject of Music."—  
Max Horwinski, Past Exalted Ruler,  
Elks.

Mrs. Clinton G. Dodge.  
Address—"America's Menace."—  
Clinton G. Dodge.

Vocal Selections—(a) "Aloha Land";  
(b) "Coppa Moon."—Elks' Male  
Quartette.

Soprano Solos—Selected.—Mrs.  
Eugene Blanchard.  
Instrumental Selections—(a) "The  
Boy and the Birds," characteristic—  
(Hager); (b) Waltz, "Era"—Big  
Brotherhood Boys' Band.

Thursday, August 28

8.00 p.m.

The comedy-drama, "Homing," writ-  
ten specially for radio by Dan Toth-  
eroh, star of the KGO Players and au-  
thor of "Wild Birds," "The Princess  
Salome" and other plays, will be pre-  
sented under the direction of Wilda  
Wilson Church. The Arion Trio will  
render the following numbers between  
the acts: "To the Spring" (Grieg);  
Micaela Aria, from "Carmen" (Bizet);  
"The Brook" (Boisdeff); Barcarolle,  
from "Tales of Hoffman" (Offenbach).

Saturday, August 30

8.00 p.m.

Part I  
This part of the programme will be  
given by the "Seven Laurels Quartette":  
Mabel Frisbee Adams, soprano; Ger-  
trude Patterson, contralto; Gilbert Hyde  
Chick, tenor; George C. Carson, bass;  
Ethel Palmer, accompanist. Assisted  
by Oliver Hinman, baritone.

Vocal Selections—(a) "Oh Ye That  
Love The Lord" (Taylor), baritone

## HAZEL!

In going through a file of  
letters a day or so ago we  
found one, more than a year  
old, written by a little girl  
who lives in Vancouver.

She praised Pacific Milk,  
praised it enthusiastically. In  
doing so she used these  
words: "There are a million  
reasons why Pacific Milk is  
good." "A million reasons!"  
Thank you, Hazel, for those  
good words. Thank you very  
much.

Pacific Milk Co., Limited  
Head Office: Vancouver, B.C.

Factories at Ladner and Abbotsford, B.C.

recitative and aria; quartette, "Cast  
Thy Burden," from "Elijah."—'Seven  
Laurels Quartette.

Soprano Solos—(a) "Chanson Pro-  
vencale" (del Aqua); (b) "The Little  
Damosel" (Novello); (c) "The Wed-  
ding Morn" (Nevin).—Mabel Frisbee  
Adams.

Duets for Contralto and Tenor—(a)  
"Oh Wert Thou in the Cauld Blast";  
(b) Duets from "Il Trovatore" (Verdi).  
—Gertrude Patterson and Gilbert H.  
Chick.

Baritone Solos—(a) "Danny Boy"  
(Weatherly); (b) "All Through The  
Night" (Welsh melody).—Oliver Hin-  
man.

Vocal Selections—(a) "Thy Beam-  
ing Eyes" (Ambrose); (b) "Swing  
Low, Sweet Chariot" (Negro melody).  
—'Seven Laurels Quartette.

Tenor Solos—(a) "Songs My Mother  
Taught Me" (Dvorak); (b) "M'ap-  
pari tutt' amor," from "Martha" (von  
Flotow).—Gilbert Hyde Chick.

Baritone Solos—(a) Aria, "Honour  
and Arms," from "Samson" (Handel);  
(b) old English song, "Passing By"  
(Purcell).—Oliver Hinman.

Duets for Soprano and Tenor—(a)  
"Still, Still With Thee" (Lansing);  
(b) Tuscan Folk Songs (Caracciolo).  
Mabel Frisbee Adams and Gilbert H.  
Chick.

Vocal Selections—Popular old quar-  
tettes and rounds. —'Seven Laurels  
Quartette.

Part II  
Hawaiian Selections—(a) "Palolo  
Hula"; (b) "Maui Waltz."—Mid-Paci-  
fic Quartette.

A One-Act Original Character Sket-  
ch—"The Love of Loretta."—Lydia  
Warren Lister.

Hawaiian Selections—(a) "Mele  
Ana E"; (b) "Old Plantation."—Mid-  
Pacific Quartette.

# KELOWNA CLARION

## AND OKANAGAN ADVOCATE.

VOLUME I.

THURSDAY, JULY 28, 1904.

NUMBER 1

### The Big Store

**T**HE number of people that have thronged The Big Store during the past few days of our Moving Sale is the direct result of our having proven to our numerous patrons that we are giving wonderful bargains. Goods are being sacrificed in every department, excepting groceries, in order to further reduce our heavy stock before moving.

**A** Call will convince you that we do as we say, and our guarantee goes with every thing sold or we cheerfully refund your money. A full and complete line of fresh groceries just being opened.

**Lequime Bros. & Co.**  
KELOWNA, B. C.

**Okanagan Fruit  
and Land Co'y  
Limited . . . . .**

Fruit Lands and Residential Lots For Sale adjoining town. Growers of Nursery Stock, Ornamental Trees and Shrubs. It will pay you to see us and get our prices before placing your orders for Nursery Stock for next year.

**D. W. SUTHERLAND, Sec.**  
KELOWNA, B.C.

#### Kelowna Business Interests.

Perhaps a short description of the business concerns in Kelowna may be in order at the present time.

One of the oldest and most reliable institutions in the Mission Valley is the mercantile establishment of B. Lequime and E. Weddell. This firm has long enjoyed the confidence of the people, and numbers amongst its customers many of the prominent residents of the district. A general assortment of dry goods, groceries, clothing, boots and shoes, hardware, etc., is always open for inspection, and the proprietors have the satisfaction of knowing that their business methods are approved by a large circle of patrons. In order to meet the requirements of their growing trade a commodious stone store—the first of the kind in the Okanagan Valley—is now in course of construction, and when comfortably settled in their handsome new premises with a large and up-to-date stock in all departments, the good-looking and obliging staff of assistants will no doubt be kept busy.

Lawson, Rowcliffe & Co. have been in the general store business in Kelowna for the past five years. The firm suffered a severe loss in the fire of March 1903, when their store was burned and much of their stock destroyed. The erection of a splendid large frame building by Contractor Raymer, however, enabled them to open up an immense new stock in all branches under more favorable conditions, and the general excellence of their goods, the bright, clean and attractive appearance which their store always presents, their modern business methods and the courteous attention accorded their patrons, constantly contribute towards the up-building of a steady and prosperous trade. They also deal extensively in fruit and farm produce, the shipments of produce to points in Manitoba and the North West amounting annually to many hundreds of tons.

The firm of Gammie and Co. has only been established about five months, although Mr. Gammie, the senior partner, was at one time connected with the Lequime Bros. business, and later with the firm of Gammie and Gordon. In February last, however, he entered into partnership with Mr. O. W. M. Hughes, formerly of Winnipeg, and the young firm is already showing signs of lusty and vigorous growth. Mr. Gammie has a thorough knowledge of the business, acquired by years of practical experience with prominent firms in old Scotia; Mr. Hughes has had an efficient training in banking establishments in the North West. They are working up a profitable trade, Mr. Gammie being one of the first residents and well acquainted with the requirements of the people.

A fine stock of Furniture and house furnishings may be inspected in Messrs. Hepburn & Sutherland's Furniture store. They have recently erected quite an important addition to their already extensive establishment, but the capacity of their showrooms and warehouse are taxed to the utmost in order to adequately accommodate the large importations recently received. The assortment includes the most modern and fashionable makes in parlor, dining room and bed room suites, and all the other requirements that go towards making a cozy and artistic home.

A large portion of the valley is held by a syndicate of local men known as the Kelowna Land and Orchard Co. Messrs. Carruthers & Pooley are the enterprising agents, with offices in the K. S. U. building. The land has been subdivided into small lots from one to forty acres in extent, with a choice of every lo-

cation from lake shore frontage lots to fine irrigation bench land. The price varies from \$100 to \$200 per acre for lake shore lots and portions near the lake. The lots not having lake frontages have proprietary rights to two reserve portions of lake shore for bathing and boat houses. Level bench land, farther back, but still within easy reach of the lake shore is going as low as \$75 an acre. Experts have given their opinion that this land is equal to the finest fruit growing land in B.C. and this is endorsed by the appearance of the young orchards already planted there. Parties at a distance wishing to invest in any of these properties can obtain all particulars by corresponding with Messrs. Carruthers and Pooley, Kelowna, B. C.

The Okanagan Fruit and Land Coy., recently purchased what is known as the Knox Property. The company's Directorate includes: Jos. Glen, President, and Jas. Harvey, Vice-Pres., both of Indian Head, Assa.; F. R. E. DeHart, Managing Director, and D. W. Sutherland, Secty.-Treas., Kelowna, B. C. The estate includes nearly 4,000 acres of the finest land in Mission Valley, with splendid irrigation facilities and suitable plots for small orchards and residential properties. A few months ago a number of ten acre lots were placed on the market, and so great has been the demand that nearly all have been disposed of at \$200 per acre, and the Coy. may be obliged to open out other plots to accommodate those who realize the value of the land. In connection with their land business the Coy. have set out about 100,000 fruit and ornamental trees, shrubs, etc., and will be in a position to fill orders for nursery stock. Mr. DeHart is the capital and hustling Manager, and should be interviewed by intending investors.

One of the most important industries in town is the Saw and Planing Mill, of which Mr. D. Lloyd-Jones is the efficient manager and part proprietor. He hails from "Glorious Old Norfolk," in Ontario, and was one of the first to climb over the mountains into the beautiful Okanagan Valley. About two years ago his mills were destroyed by fire, but with characteristic energy he got things going again and now has the business in a flourishing condition. The twin-screw steamer Kelowna is used for freighting lumber to points along the lake and towing logs to the mill.

Mr. D. Leckie is a comparatively new comer, but is a hustling business man and a valuable acquisition to the Valley. He was for a number of years a prominent resident of Hartney, Manitoba, where he carried on a most successful lumber, coal and wood business. His systematic methods, modern ideas, the energy and completeness with which he attended to every detail of the trade, combined with the thorough honesty and uprightness which characterized his dealings with customers, secured for him a reputation and a name which any man might well be proud of; and the same traits of character which gave him success in Manitoba will no doubt be of advantage to him here. Mr. Newby, who is associated with him, conducted a prosperous hardware business at Holland, Man., and has a thorough knowledge of hardware and kindred branches. He is a machinist of more than ordinary merit and takes a pride in studying out the practical details of his work. The new and substantial concrete building now nearing completion, will afford splendid facilities for the accommodation of the large stock of general hardware, stoves, tinware, etc., now being received.

At the club tournament recently held

by the Kamloops Lawn Tennis Club

the Ladies' Challenge Cup was won by

Miss Freeman, of Salmon Arm, the

other finalist being Mrs. Norton, also

of Salmon Arm. These two ladies also

won the Ladies' Doubles, while Miss

Freeman and Mr. R. Hill, of Kelowna,

captured the Mixed Doubles.

B.C. is to have a "Primrose Drive"

thirty miles in length, the I.O.D.E., of

Vancouver, having arranged to plant

primroses the entire length of the main

highway between Vancouver and

Blaine, Wash. This lengthy garden

will be planted with seed from Eng-

land and will undoubtedly be a great

attraction to tourists.

Though at the present time the ex-

port of beer brewed in B.C. is insigni-

ficant, there is a growing demand for

this provincial product in the Orient,

and Coast breweries are making an ef-

fort to increase their business with

China and Japan by brewing special

brands of beer suitable for consump-

tion in hot climates.

## THE KELOWNA COURIER

Okanagan Orchardist.

Owned and Edited by

G. C. ROSE.

Circulation, 1,200

## SUBSCRIPTION RATES

(Strictly in Advance)

To any address in the British Empire

\$2.50 per year. To the United

States and other foreign countries,

\$3.00 per year.

The COURIER does not necessarily

endorse the sentiments of any con-

tributed article.

To ensure acceptance, all manuscript

should be legibly written on one

side of the paper only. Typewritten

copy is preferred.

Letters to the editor, will not be ac-

cepted for publication over a "nom-

de plume"; the writer's correct name

must be appended.

THURSDAY, AUGUST 21st, 1924

TWENTY YEARS' OLD

The Courier has completed twenty

years of existence and with this issue

begins its twenty-first volume.

Established by Mr. R. H. Spedding,

now of Vancouver, as "The Kelowna

Clarion and Okanagan Advocate," the

first issue made its appearance on

Thursday, July 28th, 1904. The change

in the birthday anniversary is due to

the fact that labour troubles incidental

to the general strike of the International

Typographical Union in 1921 for a

44-hour week caused suspension of the

paper for several weeks, thus delaying

completion of the volume for that year.

In October, 1905, Mr. Spedding sold

out to Mr. G. C. Rose, the present

owner, who changed forthwith the title

of the paper to the designation which

it continues to bear.

During its first year of life the office

of the "Clarion" was in the Spedding

Block on Bernard Avenue, in the pre-

mises now occupied by the Good Eats

Cafe. Soon after the business changed

hands a move was made to Water

Street, a wooden building being pur-

chased which stood on the site covered

later by the large concrete warehouse

erected by The T. Lawson Co., Ltd.

In 1908 another move was made to

the present location on the north-west

corner of Water Street and Lawrence

Avenue.

The "Clarion" followed in its style

and make-up the size and appearance

of many of the rural weeklies of that

time published in the smaller towns

and villages. Of the eight pages four

were "ready-print," that is, printed in

the East on one side of the sheet with

a miscellany of reading matter, much

of it of very poor quality, and patent

medicine advertisements. The other

four pages were printed in Kelowna,

one at a time on a platen press, the

paper being laboriously folded or re-

folded by hand to one-page size for

each impression.

A distinct advance was made on

May 9, 1907, when a typesetting

machine was put into service, render-

ing it possible to set much more news

matter than by the hand composition

method formerly employed. The ready-

print was gradually discarded, the

quantity being reduced to one page,

the other side of which was printed at

home, thus raising the local matter to

five pages, and finally, on December

19th of that year, ready-print was

abandoned altogether and the local

matter was increased to six pages.

This involved six press runs and much

folding and handling, which eventually

led to the purchase of a small cylinder

press the following spring. This per-

mitted the printing of two pages at

one impression and on April 23rd, 1908,

The Courier graduated out of short

dresses and let down its skirts by ad-

ding two inches to its eighteen-inch

columns, at the same time enlarging its

pages from five columns in width to

six.

Competition was encountered within

a few months of these improvements

being made, and with the local field too

small to support two good papers, fur-

ther progress was checked for several

years. In the spring of 1914, however,

the old typesetting machine, which had

given faithful service, was discarded

and a modern Linotype was installed,

which was used for the first time in

setting the issue of April 9th of that

year.

The outbreak of war bore hardly

upon all business concerns, coupled

with low prices current for several

years for fruit and farm produce, and

severe curtailment of advertising pat-

ronage forced The Courier to revert

to six pages and later, before the con-

flict came to a close, even to reduce to

four pages. But, with the return of

peace, there came more prosperous

conditions, and by the spring of 1920

a return was made to the pre-war size

of eight pages.

In the year 1921 the most marked

advance was effected since establish-

ment of the paper. To provide neces-

sary accommodation an addition was

made to the building, a large cylinder

## WANT ADS.

First insertion: 15 cents per line; each additional insertion, 10 cents per line. Minimum charge per week, 30 cents.

In estimating the cost of an advertisement, subject to the minimum charge as stated above, each initial, abbreviation or group of figures not exceeding five counts as one word, and five words count as one line.

If so desired, advertisers may have replies addressed to a box number, care of The Courier, and forwarded to their private address, or delivered on call at office. For this service, add 10 cents to cover postage or filing.

## FOR SALE—Miscellaneous

**FOR SALE—Thoroughbred English**  
Setter puppies bred from exceptionally good hunters on both sides. Gentle with children. Males \$25.00 (one left); Females \$10.00. All beauties with perfect marking. Phone 400 or 261. 1-17

## RUTLAND POUND DISTRICT

## Pound Notice

Notice is hereby given, under Section 20 of the Pound District Act, that one Holstein cow, government inspection tag on ear, illegible brand on left shoulder and hip, and calf were impounded in the Pound kept by the undersigned on the fifth day of August, 1924, on the S.E. ¼ of Section 23, Township 26.  
A. W. DALGLEISH,  
52-2c Poundkeeper.

## Local and Personal

Mrs. A. R. Webster is on a holiday trip to Seattle and Vancouver.

Mr. W. H. Johnston, of Tonasket, Wash., is a guest at the Lakeview.

Two cars of Cox Orange will be shipped by the K. G. E. this week.

Mrs. G. S. McKenzie and children returned from the Coast on Monday.

Mr. R. E. Berry, of Vancouver, spent Monday here, on his way by car to Kamloops.

Miss I. Knapp, a well known educationist of Detroit, Mich., is staying at the Palace.

Mr. and Mrs. W. G. Benson and children left on Saturday by car for San Francisco.

The Benvoulin cannery is now running full time. About forty hands are employed there.

Dr. Colin Campbell and Mr. and Mrs. P. A. Woodwards, of Vancouver, are staying at the Palace.

The Okanagan Packers are shipping several cars of mixed fruit and vegetables each week to prairie points.

Mr. Byron McDonald left on Saturday by car for Salmon Arm, where he caught the East-bound train for Winnipeg.

Mr. Fay E. Ward and family, of Pendleton, Ore., are here on a visit to Mr. Ward's parents, Mr. and Mrs. W. W. Ward.

Dr. R. Mathison returned on Monday from the Coast, where he attended the convention of the Canadian Dental Association.

The recent rains effectually extinguished the bush fires in this district. Most of the fire fighters returned to town on Sunday.

Messrs. Geo. Rowcliffe, Ltd., are shipping on an average two cars of mixed fruit and vegetables daily, mostly to prairie points.

Mr. H. M. Walker, editor of the "Okanagan Commonwealth", Enderby, was a visitor to town on Friday, returning home the same evening.

Mrs. D. H. Learn and children, of Riverton, Wash., arrived in town on Monday on a visit to Mrs. Learn's parents, Mr. and Mrs. E. Weddell.

Mrs. A. O. Brunette and Malcolm returned on Friday afternoon from San Francisco, where they spent a month's vacation with Mr. and Mrs. H. G. Brunette.

Last Thursday Mr. Norman Davis, manager at Medicine Hat for the Ogilvie Flour Milling Company, paid the city a visit and was shown around by Mr. G. S. McKenzie.

It is expected that the grader in the "Cement Building" of the Kelowna Growers' Exchange will be run two half days this week, if Duchess come in in sufficient quantity.

The Rev. C. G. Guy and Mr. J. G. French, of Vernon, spent a short time in the city on Monday on their way to attend the meeting of the Kamloops Presbytery, held at Penticton.

The Kelowna Growers' Exchange have finished their shipments of Bartlett pears and are commencing to ship Flemish Beauty. The crop of these two varieties has been a short one this season.

The wives of two local residents each presented their husbands with baby daughters last Thursday and by a strange coincidence these ladies, Mrs. W. Richards and Mrs. W. Marshall, were married at the same time and in the same house.

In the City Police Court this week a boy of fifteen pleaded guilty to stealing two watches. Sentence was deferred pending instructions from the Attorney-General's Department, when he was sentenced to two years in the Industrial School.

A well attended meeting of the Fruit and Vegetable Shippers' Association of B. C. was held in this city on Monday evening, firms from all Okanagan points being represented. Values on fruit and farm produce in season were discussed and fixed.

The regular fortnightly lunch of the Gyro Club was held at the Palace Hotel on Tuesday, when Mr. E. O. MacGinnis made a final report on the Calgary convention and Mr. A. McMillan put in a temporary report on the "Midway" staged in connection with the Regatta.

Some of the Kelowna competitors at the Vernon Regatta report that in two events when two Kelowna boys swam a dollar heat for first place, the third swimmer being far behind, an attempt was made to count one of the Kelowna swimmers out and give the second prize to the swimmer who came in third.

The fall golf season opens here on Sept. 1st with the competition for the Rees Cup, when it is hoped that all members will turn up at the first tee at 9 p.m. Lists have been posted up at the Club House and at Willis' and Trench's drug stores, on which players can enter their names for this event.

Mr. and Mrs. F. G. Davis returned on Monday from a motor trip to Kamloops, Merritt and Penticton. They report the roads all good in this circuit, with the exception of two spots one between Kamloops and Merritt and the other between Keremeos and Penticton, where there were recent cloudbursts.

Owing to representations made to the Department of Marine and Fisheries by the Kelowna Fish and Game Protective Association re the unsatisfactory position of the fish ladder on the Okanagan River at the dam built in connection with the Oliver irrigation scheme, that Department has written the B. C. Department of Public Works asking it be so placed that fish will be able to proceed up the river.

Miss Lila Campbell, of Vancouver, is visiting Mr. and Mrs. H. F. Chapin.

In response to an urgent wire from the Nelson Citizens' Committee, Mr. J. W. Jones, M.L.A., left on Monday afternoon's boat for Nelson to take part in the election contest between Premier Oliver and Mr. H. Houston. He is expected to reply to any speeches made by the Hon. John Hart, Minister of Finance, who is also taking part in the campaign.

We have been requested by the City Police to again call attention to the very dangerous habit many boys are in the place have of hanging on to cars and trucks when riding their bicycles. The police have no authority in the matter and it is the duty of parents to prevent this practice. A fatal accident, due to this cause, occurred in Vancouver last week.

A letter has been received from Mr. Paul Knippel, who, with Mrs. Knippel and family, is now living in Portland, Ore., where he is in the employ of the Swiss Floral Company. He states that though he likes Portland he will be glad to be able to return to Kelowna and that he is often reminded of the Orchard City by seeing cars from here pass through Portland.

Mr. Harry Fraser, of Anglemont, Shuswap Lake, returned home on Saturday by car after spending a week's visit to his brother, Mr. R. A. Fraser, foreman of The Courier. He occupied a similar position on the Courier staff as far back as 1906 and 1907, since when he has been ranching at a beautiful location on the north shore of Shuswap Lake.

Twenty-nine girls arrived from Vancouver on Tuesday and will work at the Dominion cannery. It was found necessary for the management of the cannery to bring them in as the rush of work at the factory will soon commence and sufficient local help is not available. All resident here who registered their names have found steady employment at this cannery.

Writing from Penticton to The Courier, Arthur Gaube and Burton Lye, who recently rowed all the way from Kelowna to Penticton, claim to have accomplished the distance in 7 hours and 35 minutes. As it must be well over 30 miles by water, the distance by road being 38 miles, this looks like exceptional speed, and the lads must have been in tiptop physical shape to keep up such a pace for such a length of time.

The entertainment which has been arranged for by the Ladies Auxiliary to the Boy Scout Association to be given in the Scout Hall on the evening of Tuesday, Aug. 26th, will include a concert as well as a dance. At the concert the famous "Little Boy with a Big Voice" will sing several songs and, judging by press criticisms, this will be something to look forward to. The members of the Plaza Imperial Orchestra also are vocalists and will render selections, besides playing on a variety of instruments.

During the week from the 11th to the 16th of this month, inclusive, the Kelowna Growers' Exchange made the following shipments of fruit and vegetables: to Calgary, six cars of mixed fruit and vegetables; to Edmonton, one car of tomatoes, cucumbers and onions only; to Vancouver, one car made up of Transcendent crabs for canning purposes and Duchess and Gravenstein; to Moosejaw, one car of tomatoes, cucumbers and onions; to N. Battleford, Lethbridge, Camrose, Shaunavon, Melville and Saskatoon one car each of mixed fruit and vegetables.

Mr. Charles Murphy, General Manager of the Western Lines of the C. P. R., whose headquarters are at Winnipeg, arrived in the city in his private car last evening, the car being transported by barge from Okanagan Landing. He was met by Mayor D. W. Sutherland and those principally interested in the shipping of fruit and vegetables were introduced to him. Mr. Murphy was accompanied by Mrs. Murphy, Mr. C. A. Cotterell, Asst. General Superintendent, Vancouver, and Capt. Douglas Brown, Superintendent of B. C. Lake and River Steamers. The party did not make a long stay here, travelling on to Penticton the same evening.

Mr. and Mrs. W. J. Miles and daughters, Misses Constance and Louise Miles, of Sydney, N.S.W., spent Friday to Wednesday visiting Mr. and Mrs. R. Smith, of East Kelowna. Arriving from Australia by steamer, the Miles family spent several weeks touring through the United States and Canada, visiting several of the large Eastern cities and coming west via the C. P. R. They were much impressed with the extent of the Okanagan fruit industry, not having previously realized its magnitude, and pleased with the country they were returning to Australia by the "Makura" from Vancouver.

Though things are living up in the industrial district, the busy season there has not yet begun. The rush of tomato shipments is practically over, but the canning tomatoes are not reaching the point in sufficient quantity to keep these factories working full time. The Occidental Fruit Company, however, is busy shipping both fruit and canned goods daily and expects to begin exporting Duchess and Cox Orange this week. The Dominion cannery is working about half time and intends, if no more rain comes, to commence full runs next week. The management of this cannery report that the quality of the tomatoes coming in this year is superior to last season's product.

Frequent rains during the past week have added to the hearts of orchardists who had been anxious as to the fruit filling out properly owing to shortage of irrigation water, and in most cases any danger of injury to the crop is now past. The canneries and tomato growers, on the other hand, have not viewed the wet weather with the same complacency, as it has interfered with delivery of tomatoes to the canneries and the fruit has been affected to a small extent by the moisture, although the cracking so far has not been very serious.

Mr. D. A. McDonald, formerly Provincial Constable here but now stationed at Oliver, and Mrs. McDonald visited friends here this week while enjoying an annual vacation. They will also visit Lumby, where Mrs. McDonald's parents, Mr. and Mrs. R. A. Copeland, reside, Kamloops and the Cariboo before returning home.

## CHURCH NOTICES

**BAPTIST CHURCH.** Services, Sunday morning, 10.30, Sunday School and Bible Class, followed by morning worship. 7.30, evening service. Thursday, 8 p.m., prayer meeting.

**THE SALVATION ARMY.** Capt. and Mrs. Ede, Commanding Officers. Sunday, 11 a.m., Holiness Meeting; 7.30 p.m., Salvation Meeting. 48-tfc

**UNITED CHURCH.** 10 a.m., Sunday School; 11 a.m., Morning Worship; 7.30 p.m., Evening Service. Rev. D. Perley, B.D., of Penticton, will preach at both services.

**ST. MICHAEL & ALL ANGELS.** Aug. 24, St. Bartholomew's Day. 8 a.m., Holy Communion (Young People's Celebration); 9.45 a.m., Sunday School; 11, Matins, Holy Communion and sermon. 7.30, Evensong and sermon.

## BIRTH

**BORN.**—At Kelowna General Hospital, Friday, August 15th, to Mr. and Mrs. T. P. Hulme, a daughter. 1-1p

## CARD OF THANKS

Mrs. Waldron returns thanks for flowers and enquiries during her lay in hospital. 1-1c

## MOUNT JACQUES CARTIER

With the exception of the Torngats in Labrador, peaks of which exceed 6,000 feet in height, the highest mountain in Canada east of the Rockies is Tabletop Mountain in Gaspé district, Quebec, the summit of which is 4,350 feet. The Geographic Board has just approved the name Mt. Jacques Cartier for this peak in commemoration of the explorer, who was the first to see the region in which the mountain occurs, having followed the Gaspé coast all the way round from the mouth of the Restigouche river.

## WILLING TO OBLIGE

He was rushing through the station when a pretty woman stopped him. "Would you please help the Working Girls' Home?" "Certainly, but I haven't much time. Where are they?"

## MANY ARE CALLED

There is a preacher in Kansas who should have his salary raised for making the following announcement from his pulpit: "Brethren, the janitor and I will hold our regular prayer meeting next Wednesday evening as usual."

## THE CORPORATION OF THE CITY OF KELOWNA

## TAX SALE NOTICE

Notice is hereby given that I shall, on the Second day of September, 1924, at the Council Chamber, Kelowna, B. C., at ten o'clock in the forenoon, offer for sale by public auction all and every parcel of land and improvements thereon within the City of Kelowna, the taxes upon which are delinquent.

P. T. DUNN,  
Collector for the Municipality of the Corporation of the City of Kelowna.  
Kelowna, B. C., August 12th, 1924. 52-3c

## THE CORPORATION OF THE CITY OF KELOWNA

## Property For Sale Or Rent

The Municipal Council invites applications to purchase or rent Lot 2, Block 13, in Registered Plan 202 (on the North side of Lawson Avenue). The house on this property was erected under the provisions of the "Better Housing Act" and the purchaser of the property would receive the benefit of the low rate of interest (5%) fixed by the Act.

For further particulars apply to Alderman Shepherd or the undersigned G. H. DUNN, City Clerk.

## Jim Browne Says

It is just a year since I got started again in business—on my own.

During that time I have managed to carry out the obligations upon which I entered.

That this has been possible, in spite of the general depression of business, the increased competition, and my own enforced absence, through illness, for the past five months, is due to the splendid patronage of those of my customers who stayed with me so loyally.

To them, my thanks are due—and rendered.

Better Service, to the limit of my ability, is the only way in which I can show my appreciation, and this, I am trying to give.

I THANK YOU.

## REPORT ON CROP AND WEATHER CONDITIONS

By Horticultural Branch, Provincial Department of Agriculture

Vernon, B.C., August 16th, 1924  
Kelowna, August 15th

The weather during the past week has been hot and dry. Apples generally are in good condition, but on places short of water and poor soils are showing the effects of dry weather. All fruit is maturing early for the season.

Wealthy apples and Bartlett pears are being picked. McIntosh are expected to start in about a week's time. Cannery tomatoes are being picked in large quantities.

Sumnerland, August 13th

Temperature registered high and sultry for the past week, with some threatening clouds which failed to deliver the much desired moisture. Considering the lessening of the supply of irrigation water, the orchards are still looking in fair condition. The fruit is showing good growth.

Peaches are moving out very slowly; there will not be any big rush of this fruit this season.

Clapps Favourite pears are over, and Bartletts are being picked. It is expected that the picking of Flemish Beauty will be on next week.

Duchess apples are over. Wealthy and Gravenstein and some other odd varieties are being packed out. Kings and Cox's Orange will be ready next week.

Tomatoes are now moving in volume. Express shipments are light for this time of year. Two mixed cars are moving out from Sumnerland daily. A car of pears went out on the 12th.

Penticton, August 15th

Bartlett pears are practically cleaned up. This week should see Cox's Orange moving through the houses. Kings are going through crated. McIntosh will commence to roll in about a week or ten days time.

Yellow St. John pears are about cleaned up as well as Early Crawford. Peaches this year are running smaller than last year.

Prunes are commencing to show considerable colour and will be picked much earlier than usual.

### General

In this issue a table is given showing the revised crop estimate for the Okanagan District, as at August 16th. It will be seen that compared with our previous estimate of July 12th there is very little change in the total crop percentages. In apples, about 5 per cent, or 52,500 boxes, decrease is shown, due principally to the lack of water in the Armstrong, Vernon, and Penticton districts affecting the size. In pears the percentage is raised slightly, due to an estimated increase at Sumnerland. Crab apples also show an increase of 10 per cent. This increase is largely in the Sumnerland and Naramata sections. Plums and prunes have decreased 10 per cent from our previous estimate of June 21st. This decrease is principally due to the heavy drop in many orchards of prunes affected by gumming and drought injury.

The crop generally is very clean, of good quality and fair size but is maturing earlier than usual. The ripening this season in nearly every instance is from two to three weeks earlier than normal, and growers and shippers are advised to plan accordingly.

### Kootenay and Boundary District

Plums and prunes have dropped quite heavily in most all sections during the past two weeks. The Brown Spot at the core is showing up in the fruit on some of the varieties of apples. This condition has been noticed in Wealthies, Jonathans and McIntosh. Only by cutting the apple will it be possible to find the trees affected with this condition. Growers should not allow the fruit from such trees to get into the packing houses. Other than this, the apple crop on the whole is coming on in good shape, with average size and fair colour for this time of the year. The season is about two weeks ahead of last year. Pears are making good growth but have not been thinned.

## THE PRAIRIE FRUIT MARKET BULLETIN

Current Prices and Market Conditions

(From the weekly Bulletin issued by J. A. Grant, Fruit Markets Commissioner, Calgary.)

Calgary, August 16, 1924

The Week in Calgary  
Heavy rainfall is reported over the three prairie provinces. Grain is maturing slowly. There is a vigorous growth and crop conditions have improved greatly.

Business in the fruit line is very drab, particularly in crab apples, celery and blackberries. A little well placed advertising as to fruits in season might stimulate a demand.

A carlot of tomatoes from a Japanese shipper in Sumnerland retailing at \$1.20 per crate has demoralized the tomato market here. F.o.b. sales are reported as low as 75 cents per crate.

300 crates of blackberries arrived here today to one firm, all on consignment. Local potatoes are now plentiful as well as mostly all other vegetables. B.C. pears and Wealthy apples are now coming in.

Italian prunes from Oregon are being quoted at a very low price. We warn Canadian buyers that the dumping law is still in force and in our opinion the low price quoted would be subject to further adjustments on duty at a later date.

### Calgary Wholesale Prices

Blackberries, \$1.75 to	2.00
Blueberries, basket	3.00
Plums, Cal. Blue, case	3.00
Peach Plums, B.C.	2.00
Tragedy	2.00
Peaches, Elberta and Crawford	1.75
Cantaloupes, Standard, case	0.75
Flats, case	0.75
Pears, Bartlett	2.75
Tomatoes, B.C. Hothouse, case	2.75
Local Hothouse, lb.	0.20
B.C. Field, \$1.00 to	1.15
Cucumbers, Hothouse, case	2.75
B.C., in peach crates	0.80
Rhubarb, Local, lb.	0.02
Onions, Cal., Yellow, lb.	0.05

Citron, lb.	0.04
Green Corn, doz.	0.50
Pickling Onions, peach crate of 14 lbs.	1.65
Green Peppers, in apple crates	3.00

Calgary Car Arrivals  
August 7th to 13th  
B.C.—11 mixed fruit and vegetables, 2 apples, 2 mixed vegetables, 3 potatoes.  
Imported—2 mixed fruit, 1 grapes, 1

sufficient to get the size required to bring the top price. This crop, however, is very clean and has stood the dry weather well.

In this issue is given a table showing the revised crop estimate for this district.

Creston, August 9th

The entire valley has had the benefit of several showers of rain, the total amounting to about two inches of rain. This will enlarge the late fall and winter apples and prove of great value to all fall crops.

Tomatoes will be a heavy crop this year, and the recent rains will ensure their rapid development. Early shipments are on the increase and will be heavier each week until the beginning of next month.

Duchess apples are on the move and some of the offerings were only fair in size.

Plums are coming in rapidly, mainly the Peach plum, but the total shipments will be small.

### Suspension of Reports

In view of the fact that most of the officials in charge of the various fruit districts will be absent from their respective stations on other work connected with their duties, it has been decided to suspend the issuing of the Weekly News Letter until the latter end of September or early October.

### Selling Berries Under Cost

We would advise an investigation into the reason for the slump in raspberry and blackberry prices that took place at a time when the raspberry season was almost over. We will be pleased to throw light on the subject, if the growers should think fit to know what caused the slump.

At the time of writing blackberries in carlots are discontinued, because at a price under \$2.00 per crate it is a losing game to ship them. We find that blackberries arriving in good condition l.c.l. on consignment are being sold by a jobber to his rival jobbers at \$1.75 per crate, the competing jobbers having the right to go to his warehouse and pick out the firm stuff.

It is a singular fact that l.c.l. berry shipments have doubled to Alberta this year, while the carlot movement has been reduced more than half. Space forbids a free discussion of this matter, so we content ourselves by giving the above advice.

### F.O.B. Shipping Point Prices

Apart from peaches, very little American stuff is coming into this market. The following are the Washington quotations:

Peaches, Elberta, box	1.00
Prunes, Yakima, Italian, box	.85
Pears, Bartlett, box	2.50
Southern Oregon quotes Italian	
Prunes in carlots, 15-lb boxes	45.00
B.C. quotations—	
Onions, ton (no sale on account of quality)	45.00
Tomatoes, 4 bskt. crate	1.00
Green, box	.75
Celery, (slow sale) lb.	.03
Potatoes (no demand), ton	30.00
Cabbage (no demand), ton	60.00
Pumpkin, Marrow and Squash, ton	25.00
Citron, ton	45.00
Green Corn, doz, 30c to	.35
Cucumbers, box, 45c to	.60
Apples, Wealthy and Gravenstein, box, Fancy	1.60
C. Grade	1.30
Pears, Bartlett, box, Fancy	2.50
C. Grade	1.25
Plums, Layered, box	1.25
Tomatoes, B.C. Fancy, box	1.00
Peaches, Fancy, box	1.40
C. Grade	1.25
Crab apples, box (no movement)	.75

### Medicine Hat

MEDICINE HAT, August 13—

Business quieter this week than usual with all lines moving slowly.

Car arrivals—1 car bananas, 1 car of Cal. Elberta peaches, 2 cars B.C. mixed fruit and vegetables.

Peaches, Cal. Elberta \$1.85 in quantities

Wash. Carmen 1.75

Plums, Wash. Tragedy 2.50

B.C. Peach, \$2.00 to 2.25

Pears, Bartlett 2.50

Apples, wrapped 3.00

In crates

Blackberries, 24s, \$1.75 to 2.25

Raspberries 3.00

Crab apples, Transcendent 1.90

Blueberries, Ont., baskets 3.25

B.C. Tomatoes, 4 bskt. 2.50

Hothouse, Local 3.75

Cukes, Hothouse (Local) 2.50

In peach boxes—no market.

Rhubarb, B.C. 0.7

Celery, lb. 0.05

Sweet Corn, local, doz. 0.50

New Spuds, B.C. 0.37

New Carrots, Local 0.05

New Cabbage, Local 0.05

New Beets, Local 0.04

New Turnips, Local 0.04

Edmonton

EDMONTON, August 14—There

are no berries arriving here except blueberries and a few blackberries. The cherries seem to be over as we have seen none for the past week. This week there were quite a few cars of mixed B.C. fruits and vegetables on this market. Some of the ripe tomatoes, cucumbers, peaches and plums were in over-ripe condition. None of this stuff is selling fast as trade all claim it is too early for it to go into consumption in large quantities. A large number of people are away and there is no preserving or pickling being done yet. First Wash. cantaloupes arrived this week and were in excellent shape. There are a lot of crab apples here but sales slow yet. Local potatoes are on in quantities this week and are of good size. Approximate wholesale prices are as follows:

Blueberries, baskets	3.25
Blackberries, case	2.25
Plums, Best No. 1, case	2.50
Others, case	2.00
Italian Prunes, case	2.00
Elberta Peaches, case	2.00
Other Peaches, No. 1, case	1.75
Apricots—market price	6.50
Cantaloupes, Standards, case	1.50
Crab apples, case	1.50
Bartlett Pears, case	4.00
Ripe Tomatoes, Best, case, \$1.25	1.40
Cucumbers, Best, case	.85
Celery, Best, lb.	.06
Cabbage, lb.	.05
Carrots, lb.	.04
Beets, lb.	.04
Onions, lb.	.04
New Spuds, lb.	.04

Silver Skin Onions, case 1.75

Green Peppers, case 1.75

Swift Current

SWIFT CURRENT, Aug. 14—

Weather for the past week in this district has been very warm, but after so much late rain the crops are looking much better throughout the district.

All lines of fruit are moving very slowly on account of high prices especially on peaches, pears and plums, and late crop throughout the district.

Car arrivals from August 6th to 13th—1 car peaches, 1 car peaches, pears and prunes mixed, 1 B.C. car mixed fruit and vegetables, 2 cars bananas.

### WHOLESALE PRICES

Apples, B.C., wrapped, box	3.00
Unwrapped, box	2.25
Cantaloupes, Standards	7.50
Flats	3.00
Blackberries, B.C., crate	3.00
Blueberries, Ont., bskt.	3.00
Peaches, Wash., box	1.75
Prunes, Wash., box	2.00
Plums, B.C., 4 bskt.	3.50
Pear, B.C. Fancy, box	2.00
Tomatoes, B.C., 4 bskt.	2.00
Cucumbers, B.C., peach box	1.00
Celery, B.C., lb.	.07
Cabbage, B.C., lb.	.05
Onions, B.C., lb.	.04
Beets, Turnips, Carrots, lb.	.03
Potatoes, lb.	.02

### Moose Jaw

MOOSE JAW, August 12—Business has been fairly quiet for this last ten days. The housewives do not seem to be taking to preserving fruit as they should at this time of year.

Blackberries, crate 3.00

Apples, wrapped 2.25

In crates 4 bskt. crates, \$1.75

Plums, B.C. 1.90

Peaches, Cal. Elberta, \$1.65 to 1.90

Pears, box 4.50

Crab apples 2.25

Tomatoes, 4 bskt. crate 2.00

### KELOWNA TWENTY YEARS AGO

(Continued from Page 5)

Mr. H. E. Wallis has acquired a complete knowledge of the drug business by years of careful application, and the quality of his goods can be relied upon. He carries full lines of drugs and chemicals, perfumes, and sundries and his neat little establishment always presents a bright appearance. Mr. Wallis has commenced the erection of a commodious new structure to be used as a drug store and residence on the corner adjoining his present location. Mr. Raymer has the contract and when completed Mr. Wallis will have an attractive place of business and comfortable residence.

Boyce and Willits have one of the most prominent business locations in town, and their fine large plate glass window gives them a splendid chance to display special lines of stock. Mr. Willits, who has charge of the establishment, shows considerable taste in the arrangement of his goods, and an excellent trade is being done. He also has quite a fancy for photography, and many interesting views of Kelowna and vicinity on exhibition testify to his artistic skill.

Mr. H. Raymer, Mr. J. Curtis and Mr. Haug are Kelowna's contractors and builders and evidences of their handiwork may be seen in the village and at various points throughout the

country. They are all pushing and enterprising gentlemen, but the probabilities are that they will have more work on their hands than they can get through with this season. They employ large gangs of men and are rushing their contracts to completion as quickly as possible. Mr. Curtis and Mr. Raymer are the wood workers, and Mr. Haug attends to the stone work, brick work and plastering.

Mr. W. A. Hunter came to Kelowna from Holland about two and a half years ago expecting to have a rest and take things easy. He has had quite a busy time since he arrived, however, and is likely to be kept busy for some time to come supplying the people of the Okanagan with the staff of life. He was burned out in the fire of 1903 losing all he had, but started up again and is now doing a flourishing trade, not only in Kelowna and vicinity but also at various points along the lake. He also carries a full line of groceries, fruits and confectionery.

Mr. H. C. Cooper was for about twelve years a resident of Vernon, where he worked up a splendid business as the proprietor of the Okanagan Saddlery Coy. Having disposed of his interest in the Vernon concern, he came to Kelowna about six months ago and bought out Mr. Thompson's stock. Large additions have been made in the way of new goods, and as Mr. Cooper thoroughly understands his business and is personally known to many of the residents in the Okanagan, he will

no doubt soon command a prosperous trade at this point.

Mr. S. T. Elliott has recently opened out quite an extensive stock of farm implements in connection with his Blacksmithing and Horseshoeing business. The large new shop and sheds are conveniently located on Bernard Ave. and the assortment of goods he handles should give customers an opportunity to supply their requirements without sending to outside points.

The firm of D. W. Crowley & Co., which includes the names of Messrs. E. W. Wilkinson and G. H. Packer, carry on a prosperous butcher and cattle business, their trade extending to many points throughout the valley. They have also a first class livery outfit, and their horses and rigs are kept busily engaged.

Mr. O. D. Ranks, secy. of the Kelowna Farmers' Exchange, is working up a lucrative trade in shipping the produce of the farmers to outside points. He has good business connections, is well posted on prices and other details, and is quite capable of pushing to a successful issue any matters he may undertake.

Mr. John Downton was at one time connected with Mr. Crowley in the butcher business, but started up on his own account about a year ago, and is now doing a flourishing trade. Jack is well known and well liked by the people of the valley generally, and keeps two teams busy supplying his customers.

Mr. C. Blackwood has secured a good business in the livery, freighting and draying line. By giving his personal attention to the work, those who favor him with their orders may feel confident that everything will be done satisfactorily. Mrs. C. Blackwood has charge of a neat and tidy little restaurant, where excellent meals are served at reasonable rates.

J. P. Clement, bookseller and stationer, fitted up a neat little store adjoining the Rayer Block, and is giving good satisfaction to his customers. He keeps full lines of stationery, sporting goods, kodak supplies, etc. A fine assortment of new goods is now on the way from eastern wholesale houses.

Mr. Chas. Shayler demonstrates the excellence of Kelowna-grown tobacco by the fine brands of cigars he turns out of his factory. He is an expert at the trade and finds ready sale for all the goods he can make.

### PRAIRIE FRUIT MARKET BULLETIN

(Continued from page 6)

they have in sight without injury from frost or rust.

**Vancouver Produce**  
VANCOUVER, B.C., August 13.—The weather has continued warm and dry during the past week.

The movement in peaches took on much heavier volume during the week, as will be noted by the list of imports. Bulk of supplies are Elbertas and come from California.

The long spell of dry weather has not been at all advantageous to green vegetables and as a result a slight stiffening in the price of some of these lines will be noted.

The tomato market has weakened considerably during the week under increasing supplies of field stock from the upper country.

The new potato market has shown considerable strength during the week, price to grower advancing about \$3.00 per ton. Wholesale prices show a corresponding increase.

The following produce was imported and cleared at Vancouver and New Westminster during the week ending August 12th, 1924:

Apples, Wash. and Cal. 2652 boxes; peaches, Wash. and Cal. 5,106 boxes; plums, Wash. and Cal. 2,777 crates; prunes, Wash., 68 boxes; apricots, Wash., 527 boxes; raspberries, Wash., 912 crates; grapes, Cal., 2,301 crates; oranges, Cal., 1,574 cases; lemons, Cal., 495 cases; grapefruit, Cal., 461 cases; grapefruit, Fla., 41 cases; watermelons, Cal. 5,272 cases; cantaloupes, Cal. 1,286 crates; honeydews, Cal., 1,963 casabas, Cal., 4,216; bananas, 3,290 bunches; peppers, Cal., 7 crates; cabbage, 74 crates; onions, Wash., 900 sacks; yams, China, 3,200 lbs.; sweet potatoes, China, 1,000 lbs.

### WHOLESALE PRODUCE

Apples, Cal., Gravenstein	\$3.75
Wash., Gravenstein	3.25

Veal—Country dressed tops to shipper, 11c to 12c. Wholesale, 12 to 13c. Hogs—Prime light country dressed to shipper 12c. Wholesale, 12 1/2c.

### REVISED FORECAST OF CROP PROSPECTS

Summary Issued By Dominion Department Of Agriculture Shows A Few Changes In Estimates

The Fruit Branch of the Dominion Department of Agriculture in its Fruit and Vegetable Report No. 3 has revised some of the estimates of fruit and vegetable yields given in Report No. 2, which were quoted in our issue of July 24th. As compared with the figures previously published, apples show an increase of 5 per cent in British Columbia and 35 per cent in New Brunswick, with decreases of 10 per cent in Ontario, 15 per cent in Quebec and 20 per cent in Nova Scotia. The detailed figures, in percentages of the 1923 crop, are subjoined.

**British Columbia**  
Apples, 65 per cent, or 2,405,000 boxes; peaches, 30 per cent, or 21,240 bushels; plums, 75 per cent, or 55 per cent; pears, almost equal to 1923; potatoes, reduced acreage; onions, acreage slightly increased.

**Alberta**  
Potatoes, 10 to 30 per cent increase in acreage.

**Saskatchewan**  
Potatoes, acreage about equal to last year.

**Manitoba**  
Potatoes, increased acreage, but crop will not be more than 60 to 75 per cent.

**Ontario**  
Apples, 80 per cent, or 1,043,520 barrels; peaches, 55 per cent, or 183,073 bushels; plums, 70 per cent, or 66,480 bushels; pears, 80 per cent, or 99,600 bushels; sour cherries, 100 per cent; raspberries, 125 per cent, or 1,050,000 quarts; tomatoes, 65 per cent, but increased acreage; potatoes, increased acreage; onions, 10 per cent increase in acreage.

**Quebec**  
Apples, 135 per cent, or 87,876 barrels; potatoes, reduced acreage.

**Nova Scotia**  
Apples, 70 per cent, or 1,274,744 barrels; potatoes, acreage about the same.

**New Brunswick**  
Apples, 135 per cent, or 93,544 barrels; potatoes, acreage increased approximately 20 per cent.

**Prince Edward Island**  
Potatoes, increased acreage of about 15 per cent.

**United States**  
The United States apple crop will be about 6 per cent less than a year ago, the reduction occurring in the western crop, which is estimated at 30 per cent less than in 1923. The eastern, or barrelled, apple crop is estimated at about 13 per cent above that of last year. While the United States crop is estimated at less than last year, it is expected to be about 9 per cent above the five-year average of 1919-1923.

Late reports from the Wenatchee-Okanagan district indicate conditions favourable both for quality and quantity. July 1st forecast of 14,000 cars is unchanged; last year, 18,000 cars. Rome Beauty normal, Spitzenburg heavy, Jonathan and Winesaps sub-normal. Delicious very light.

Oregon reports an "off-year" for apples in the Rogue River Valley, and in the Hood River district, where early prospects were for the largest apple crop in its history, late frosts caused considerable damage and the crop is now estimated about equal to that of last year.

### England And The Continent

English crop prospects, according to a report issued by the Ministry of Agriculture early in July, indicate that, while the early set of blossom on apples was excellent, the drop has been exceedingly heavy and the outlook is now far less promising. Such dessert varieties as Worcester, Pearmain and James Grieve are only fair to good, Allington and Beauty of Bath fair, Cox's Orange and most others very good. Culinary varieties are a little better; Bramleys are generally good, Derbys are good in Kent, Lane's Prince Albert fair to good, and Newton Wonder Fair. Of the early varieties, Victoria and Grenadier are good. Kent about 45 per cent, Worcester about 35 per cent, Hereford, early varieties, 50

to 75 per cent, late varieties, 50 per cent.

Norway.—Very late season. Blossom has been quite good but it is too early, in view of the late season, for definite indications. However, the probability is that there will be a much better crop than last year.

Sweden.—A severe winter, with some

injury to trees. Season very late but bloom abundant. The crop will undoubtedly be better than average.

Denmark.—Blossoming hardly over and indications therefore not reliable, but a good medium crop is expected.

Tyrol.—Less promising than early reports indicated, but the probabilities are in favour of good crops.

## Launder dainty things twice as often, this way

It's not necessary to keep your prettiest things folded and laid away. Wear them—often. Launder them just as often as necessary. But do it this way.

Use Palmolive PRINCESS SOAP FLAKES—and see fragile crepes, silks, laces, come from hampering absolutely unharmed. Colors brightened and freshened, if anything.

The great foam of suds contains nothing to hurt the daintiest fabric, the most delicate coloring. It dissolves the dirt, however, most thoroughly—and washes it away.

These snowy, crinkly flakes contain nothing but pure soap. So they go farther, cleanse more efficiently. That makes it economical to use them in the washing machine, for all laundering, and for every general household purpose.

If only to try, get some today of your dealer. He has them—in handy one-pound packages.

THE PALMOLIVE COMPANY OF CANADA, Limited  
Toronto

PA LMOLIVE  
**PRINCESS SOAP FLAKES**  
Made in Canada

For finest silks, or coarsest woolsens

## The Home Drink

**Cascade**  
PALE  
"The Beer without a Peer"

HERE'S the drink for you, for your wife, for your guests—the drink to have always on hand for any social occasion. "Cascade" is the proud product of British Columbia's model brewery, equipped with every aid that modern brewing science can devise to produce the best beer possible. It's brewed to perfection, aged to a ripe mellowness, bottled at the brewery in sterilized amber-colored bottles that keep out the light and keep in the delicious "Cascade" flavor. That's why it appeals to more British Columbia people than all other brands of beer.

Insist on "Cascade" at the Vendors—have it in your home—serve it to your guests!

## WEEDY LOTS ARE TO BE CLEANED UP

(Continued from Page 1)

would like to charge, say, \$10 for a dog licence in order to reduce the number of worthless and useless dogs that in many places form a constant nuisance, but the Act laid down a maximum licence fee of \$3.00. In many other ways the hands of a municipality were tied, and it was not possible to do many things that were desirable and for the public good simply because of the restrictions and limitations imposed by the Act.

Payment was approved of \$7.50 to the Kelowna Lawn Tennis Club, being half the cost of a special night watchman put on by the Club during the recent Interior tennis tournament, after some dishes and other articles had been stolen from the Club's premises.

By-Law No. 391, granting an option to Mr. G. H. Kerr for the purchase of the N. 1/2 of Lot 3, Block 9, Registered Plan 462, at a price of \$200, was given three readings.

Ald. Shepherd reported that he had been informed by Mr. J. Coupland, garbage removal contractor, that some people were still using incinerators in violation of the Garbage Collection By-Law, and the alderman advised

that, the City having already issued several warnings on this practice, the police should interview the offenders. Agreed.

Ald. Meikle said he had noticed that a large number of trees on private property were overhanging the streets, causing much discomfort and annoyance to passersby in wet weather. The cutting of weeds had also been much neglected, and the High School yard itself was in a disgraceful condition with rank weeds about eight feet high, including a patch of thistles.

The Mayor jokingly suggested that the thistles should be good material for the agricultural instructor to use in demonstrating to his pupils.

Ald. Latta was of the opinion that lots upon which weeds were growing should be inspected by the police and the occupants or owners warned to have them cut, otherwise the work would be done by the City and charged against the property.

Ald. Latta's views were endorsed by his colleagues and will be acted upon.

On account of the date of the next regular meeting falling upon Labour Day and the municipal convention at Penticton following immediately thereafter, it was decided not to fix a definite date for the next meeting and to leave the calling together of the Council in the hands of the Mayor.

## SPORT ITEMS

### LACROSSE

Kelowna, 4; Salmon Arm, 0. The local netted stick experts are again champions of the Okanagan Valley by virtue of their having defeated the Salmon Arm team here last Thursday in the last game of the season's schedule, and are now the holders of the handsome Rowcliffe Cup, emblematic of the Okanagan lacrosse championship.

Considering the importance of the fixture, the game was not up to the usual standard and was largely a contest between the Salmon Arm defence and the Kelowna home. The weather was showery but in no way interfered with play. There was a fair turnout of spectators, who at no stage were roused to any great pitch of enthusiasm, except perhaps in the last quarter, when the locals had decidedly the better of the play.

Referee Dick Douglas, of Vernon, lined the teams up at 5.45 p.m., Kelowna getting away on the face-off. A short period of passing in the vicinity of the visitors' goal follows, with an occasional shot sent in Sinclair's direction. The Salmon Arm home get control and for a few minutes manage to keep the play near the local nets, but the Kelowna defence finally return the ball to the other end of the field where it remains, all the home section of our team seeking a favourable opening with the opposing defence men watching them closely. Almost at the end of the period Hubert Shillingford shot the ball into the net, the Salmon Arm goal umpire turned his head to another part of the field, the ball going in and out again without his seeing it, and failed to put up his hand. A dispute followed but, on Sinclair's admission that the ball had gone into his goal, the tally was counted and the first period ended ere the teams could line up again, the score being 1-0 in favour of the black and gold.

**Second Period.** In the second period the northern team get away on the face-off but are unable to penetrate our defence. Again the attacking end of the Kelowna team are busy around the Salmon Arm goal, with the visiting defence men checking hard and effectively, so that our sharpshooters get no chance to score, despite many energetic attempts to do so. The half-time whistle blows with the score remaining at 1-0 in Kelowna's favour.

**Third Period.** After the customary ten minutes rest at half-time, Kelowna get away on the face-off. The local home again manoeuvre around the visitors' goal, and a series of individual plays, interspersed with combined passing and scrimmages, results in Clare McPhee notching goal number two. The Salmon Arm players are not able to put on an effective counter attack, and the play in this as in preceding periods continues mostly in the visitors' territory, but the defenders fight back hard and succeed in preventing further scoring. The end of the period comes with the score: Kelowna, 2, Salmon Arm, 0.

**Final Period.** Salmon Arm get away with the ball on the face-off of the final period and make valiant but futile efforts to penetrate the Kelowna nets. Again the local home force the visitors to defend their goal, numerous shots being sent in, none, however, registering until Bill Raymer sends in a beauty that goes true. Facing off again, like a flash Hubert Shillingford scores the fourth and last goal of the day, completely blasting any lingering hope that the visitors might have had of a final rally, and the game ends with the total tally 4-0 in favour of the home team.

The players and officials were: Referee: Eddie Douglas, Vernon. Timekeepers: Eddie Pettigrew, Kelowna; J. C. Stainton, Salmon Arm.

H. Shillingford		Spare	
Vic. DeHart			

### Notes

A number of Vernon lacrosse enthusiasts witnessed the game and hoped for the defeat of Kelowna, but they were out of luck.

As an exhibition of the national game we have seen many better contests on the same grounds.

Gordon, Spear and Neill had it fairly easy, as did the other Kelowna defence men, but they were not taking any chances, and any time the visitors tried they were quickly checked.

The Salmon Arm defence men were forced to play a hard game, and they did succeed in spoiling many well intended efforts of our home.

**Final League Standing**  
The final standing of the teams at the end of the league games is—

Games Won	Lost	Tied
Kelowna ..... 8	5	2
Vernon ..... 8	4	4
Salmon Arm ..... 8	2	5

### The Shaw Cup

The Kelowna lacrosse team is issuing a challenge for the Shaw Cup. The trophy was won by the Armstrong lacrosse team from Kamloops in 1914, and no challenge has been sent to the holders since then.

The Shaw Cup was originally put up as a trophy, the holding of which represents the Lacrosse Championship of the Interior of British Columbia, and there has not been a contest for that title during the past ten years, owing to the war and conditions arising therefrom.

### PLASTIGRAMS

### CRICKET

A cricket match of more than ordinary interest was played last week-end between Mr. F. Keevil's XI, and Okanagan Mission. The latter team was composed for the most part of old cricketers who used to play in the early days, when the Mission XI was one of the strongest in the interior.

On Keevil's winning the toss he decided to take the first innings, and, as the wicket was in good shape, it was expected that his side would run up a respectable score. However, his batsmen appeared to be quite helpless against the steady bowling of Thorneloe and Dunlop, and were quickly dismissed for the feeble total of 13, 9 of which were contributed by Mathews.

On Okanagan Mission going in to bat it soon became evident that, although many of the eleven had not handled a bat for many moons, they certainly had not forgotten the proper way to bat. The batsmen got them, and runs fairly fast. Crichton, Mallam and Thorneloe showed specially good form, the latter batting in fine style for his 18 runs. None of the others stayed in long and the whole side was out for 64.

On Keevil's eleven testing their mettle in the second innings they were ably helped by Mathews and Bush, running up respectable scores. However, the best they could do was to notch up 77, which left the Mission only 26 runs to get. This proved an easy task for the country players, Mallam and Thorneloe went in first, and on the former having to retire hurt and Dunlop joining Thorneloe, the runs were his off both batsmen playing sound cricket but hitting out hard.

**Score follows:—**

Now that Okanagan Mission has started to play again, it is hoped that a regular cricket club will be organized there.

The Mission team not only contains some good bats, but also some very steady bowlers and several changes of bowlers, Mallam's left-handed deliveries proving specially hard to handle.

This game revived hope of a cricket league for this part of the Interior next year.

Several other matches will be played in the near future, among them one against Salmon Arm and return matches against Mr. Hewetson's XI, and Okanagan Mission. Another local team will also have to be met.

### CONSERVATION OF FISH AND GAME

(Continued from Page 4)

Mr. Stirling replied that Premier Oliver had informed Mr. L. E. Taylor, who had interviewed him on the subject, that he did not think it was necessary to employ counsel at the coming session, and the Premier evidently intended to handle the case for the province himself.

After some further discussion, the subject was dropped in order to permit Messrs. J. H. Thompson and J. B. Spurrier, representatives of the Kelowna Fish and Game Protective Association, to be heard.

### Fish And Game Protection

Mr. Thompson stated that the Association was very anxious to get the support of the Board in securing better protection for fish and game in this locality. At a meeting of the Association held last winter it had been asserted that much damage was being done by the practice of winter fishing in Okanagan Lake, but this had since been traversed and the decrease of game fish was now said to be due largely to the lack of an adequate fishery on the headwaters of the Southern Okanagan Irrigation Project, on the Okanagan River, near Oliver. The result was that steel-heads for a number of years had been unable to ascend the river to Okanagan Lake. A so-called ladder had been installed but it was quite in the wrong place and was entirely useless. The assistance of the Board was also desired to secure means of enforcement of the regulations prohibiting the netting and spearing of fish and as to the quantity that could be taken in a day, minimum size and restrictions on sale. Owing to the lack of game wardens, there was practically no protection, as the law could not be enforced, and small fish under eight inches in length—often only two or three inches long—were taken by the sackful. The provincial police had their hands too full with other matters to look after game, and it was absolutely

essential that special officials should be appointed to handle the work. There seemed some hope now that a game warden would be appointed for the district, but the help of the Board would be very valuable towards having the appointment made. Some of the mountain lakes had been restocked with trout, but the results would be nil unless adequate protection was secured. The existing laws were quite good enough if they were only enforced. He could quote authentic instances of three rods accounting for a thousand small fish in Mission Creek and other catches of from five to seven hundred, running down to two inches in size. Game was also badly in need of protection and, if a game warden had been available at that time, absolute proof could have been obtained of Indians killing deer in June.

Mr. Spurrier said he had been greatly surprised to find that there was no limit in this district upon the number of trout that could be taken in a day. The reason was that the trout in the streams here had been classified as of the Kamloops variety, which was not included in the list of varieties upon which a basket limit was placed. There was a limit everywhere else, so far as he knew, and signs were placed all around the lakes in the Kamloops district warning anglers that the maximum basket was twenty. It was a ridiculous thing that there was no limit there. Not only were under-sized fish taken in large quantities but, in small streams flowing out of the lakes near McCulloch, people had been netting the spawning trout. By such practices the fish were rapidly being depleted and a great asset to the district was being destroyed, especially valuable as a means of attracting tourists. By contrast, he had seen fine cut-throat trout being caught at Wenatchee under the bridge, simply because there was adequate protection with a man to every few miles of river, while here there was one man to about three thousand square miles.

Mr. Thompson suggested that the Board should urge settlement of the question of jurisdiction over fisheries as between the Province and the Dominion and the placing of control in the hands of the Province.

Mayor Sutherland pointed out that the enforcement of all laws, whether Dominion or provincial, lay in the hands of the Province, and this initiated a long discussion upon the respective powers and responsibilities of federal and provincial officials in which a number of the members took part. Getting back to the main question, Mr. Spurrier expressed confidence that if the Board took action, a Dominion Fish Warden for this district would be appointed.

Mr. W. M. Crawford heartily endorsed what Mr. Spurrier had said as to the value of good fishing as an attraction to tourists. Mr. F. W. Groves strongly supported the movement for appointment of game wardens, of whom he held there should be at least two, one for each side of Okanagan Lake. During his constant travel through the mountains in the course of survey work he had seen a great diminution in the quantity of game in the last ten years, and if protection was not afforded, there would be no deer, grouse or fish in the country within a very short space of time. As to fish, he knew that Indians made a practice of going up to the mountain lakes while the snow was still on the ground, setting traps and catching the spawning fish that go into the small streams. Out in the hills he heard of more game being unlawfully killed than people could realize who seldom went into the mountains. Trappers destroyed a lot of game and fish, which they scattered along their trails to attract fur animals to their traps. Mr. Latta handed to the chairman a letter received by him from Mr. M.

B. Jackson, chairman of the Game Board, stating that a meeting of the Board would be held in this district at an early date, when the matters brought to their attention would be gone into, including the appointment of a Game Warden.

Crystallizing the discussion into action, Messrs. G. R. Binger and McCosh moved that the Minister of Lands be requested to provide an adequate fish ladder at the South Okanagan Irrigation Project intake. Carried.

Mr. Craig suggested that a copy of the resolution be sent to Mrs. McGregor, defeated Liberal candidate at Similkameen, who would help to get action. Agreed.

As to the appointment of a Game Warden, Mr. Latta suggested that a brief be prepared for submission to Mr. Jackson on his arrival here, and this will be done.

Messrs. Spurrier and Binger moved that the Board request the Minister of Fisheries to appoint a Fisheries Warden for this district. Carried.

As a final suggestion, Mr. Thompson advocated that a deputation from the Board join the Fish and Game Protective Association in interviewing Mr. Jackson, in reply to which President Stirling promised that the Board would co-operate in any way possible. There being no further business, the meeting adjourned at 10.30 p.m.

In the Kamloops district the onion crop has been damaged by rain and will be exceptionally light.

A new industry in this province, one which promises to develop into a large business, is the manufacture of pulpstones, the immense grinders which are used in the making of pulp in the paper mills of this continent. They weigh from two to seven tons and cost from \$200 to \$800 each. The rock from which they are made comes from Newcastle Island, near Nanaimo.

## "PROCRASTINATION IS THE THIEF OF TIME"

is a very old saying which has been brought home to several in our neighbourhood of late. Some of our good friends have had losses on which they had insufficient or no protection at all. In some cases the owners had thought of protecting their buildings, but had delayed insuring until it was too late. Fire insurance rates are reasonable and a few dollars premium may save you thousands.

## Correct Fall Styles

Fashion loving women need go no farther than this store to know what fashion has decreed as correct for fall wear. Here, under one roof, the various modes tell their individual story of newness authentically. And in the assortments, there are modes, simple or elaborate, all bearing the mark of a subtle artistry in designing.

## The New Fall Fabrics Will Bid You a Cheery Welcome

For the past two weeks there has been intense activity in this department. New arrivals were rushed through the formality of checking, and now they are in readiness to unfold to you the new weaves and rich fall colors. Each pattern, and there are many, is the very latest in style, the best in quality and lowest in price, consistent with quality.

## Gloves in all the Fall Styles and Shades

The fashionable woman wouldn't think of planning her fall wardrobe without considering the all important accessory—GLOVES. She realizes their importance and always has a supply on hand to harmonize with her many costumes. And here she will find all the new gloves fancies in leather and silk fabrics, in lengths and shades to meet every stylish need.
